To: [Brown, Don](#); [McGill, Richard](#)
Subject: FW: Quick question re: classification of Ameren's CCRSI
Date: Thursday, March 25, 2021 8:12:29 AM

Don,

Please include these two additional emails as a public comment in R20-19.

Thanks,

Vanessa

Subject: RE: Quick question re: classification of Ameren's CCRSI

Good morning. The Agency is currently working on putting responses together for the one pager from Ameren you sent us. We hope to have that to JCAR and the Board by early next week.

Thanks,

Stefanie

Subject: [External] RE: Quick question re: classification of Ameren's CCRSI

Thank you. Let me try a slightly different tack: in 2017, did the Agency view closure of Hutsonville Pond A as complete?

Subject: RE: Quick question re: classification of Ameren's CCRSI

Hi. Column E shows whether or not a CCRSI was closed, as defined in proposed Section 845.120, at the time the Board questions were posed to the Agency and the date closure was completed, while Column G shows how the CCRSI is defined by proposed Section 845.120. Note that all CCRSI labeled as "inactive closed" in Column G have a closure completion date before October 2015 in Column E.

I have included the Board on this email, so this response can be added into the hearing record as a public comment.

Thanks,

Stefanie

Subject: [External] Quick question re: classification of Ameren's CCRSI

Stefanie and Christine --

I'm looking at the chart on p. 181 of IEPA's pre-filed answers, and am confused: How can closure be complete on Hutsonville A, and Meredosia Fly Ash and Bottom Ash (column E) but yet none of the three are shown as closed in column G? Has their status always been Inactive, or has it changed after USWAG, the adoption of Sec. 22.59, or the proposal of this Part?

Thanks in advance for your help.

Sincerely,

Jonathan
