Case PCB [2022-012](#)  
Carper vs Topflight Grain Cooperation  
Before the Illinois Pollution Control Board

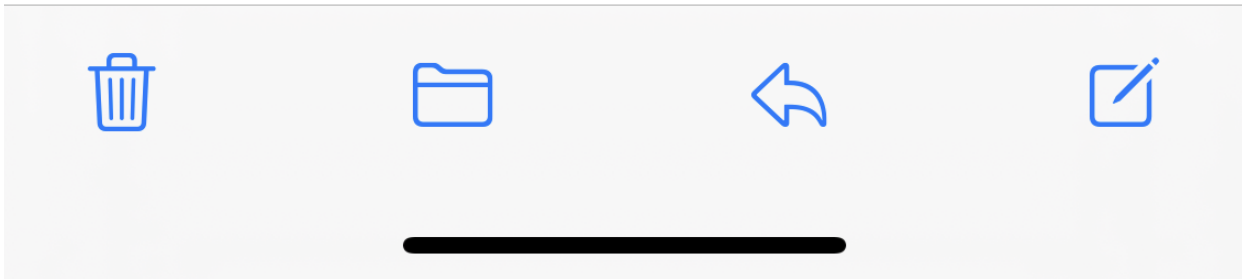

I am also requesting any filings,  
documents, noise studies, and any and all  
minutes and permit hearings that Topflight  
discussed noise and concerns and  
complaints before and after construction  
of grain bin and equipment in Co...ur

or grain bin and equipment in Seymour Illinois.

I further want to let you know I am a producer and shareholder in Topflight Grain Cooperative.
