-  **Estimator**
Neptune Construction
2003 - 2008 · 5 years

Primary person of interest for determining the facts and issues with the above cases. Current DR Horton Environmental Compliance Engineer S. Straka came on in 2019 and was prevented from doing the right thing by Bruce Melon. He should have been there longer, but DR Horton operated with Bruce making those decisions alongside Earthworks Environmental LLC. The other respondent for the cases listed above.
