COMPLAINT

Complainant, PEOPLE OF THE STATE OF ILLINOIS, by KWAME RAOUL, Attorney General of the State of Illinois, on his own motion and at the request of the Illinois Environmental Protection Agency, complains of the Respondent, OKAW TRUSS, INC., an Illinois corporation as follows:

COUNT I
FAILURE TO OBTAIN COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES) PERMIT FOR STORM WATER DISCHARGES FROM INDUSTRIAL ACTIVITIES

1. This Count is brought on behalf of the PEOPLE OF THE STATE OF ILLINOIS, by KWAME RAOUL, Attorney General of the State of Illinois, against Respondent on his own motion and at the request of the Illinois Environmental Protection Agency (“Illinois EPA”), pursuant to Section 31 of the Illinois Environmental Protection Act (“Act”), 415 ILCS 5/31 (2020).

2. Illinois EPA is an administrative agency of the State of Illinois, created pursuant to Section 4 of the Act, 415 ILCS 5/4 (2020), and is charged, *inter alia*, with the duty of enforcing the Act. Illinois EPA is further charged with the duty to abate violations of the National Pollutant Discharge Elimination System (“NPDES”) Permit Program under the Federal Clean Water Act (“CWA”), 33 U.S.C. §1342(b)(7).

3. Respondent, OKAW TRUSS, INC., is an Illinois corporation in good standing and authorized to do business in the State of Illinois by the Illinois Secretary of State.

4. At all times relevant to this Complaint, Respondent owned and operated a business located at 368 E. State Highway 133, Arthur, Douglas County, Illinois (“Facility”).

5. At the Facility, Respondent manufactures commercial and residential construction components business such as wood trusses, steel trusses, wall panels, and timber trusses.

6. The Facility is located upgradient of the Kaskaskia River. Stormwater discharges from the Facility flow from three stormwater collection areas into a culvert which then discharges into an unnamed waterway tributary to the Kaskaskia River.

7. The CWA regulates storm water discharges associated with industrial activity and prohibits such storm water discharges without an NPDES permit. The United States Environmental Protection Agency (“USEPA”) administers the NPDES program in each State unless the USEPA has delegated authority to do so to that State. The USEPA has authorized the State of Illinois to issue NPDES permits through the Illinois EPA in compliance with federal regulations, including storm water discharges regulated by 40 Code of Federal Regulations (“C.F.R.”) Sections 122.26 and 122.32, which require operators to obtain a NPDES permit to lawfully discharge storm water.

8. Respondent’s operation of its industrial activity is subject to the Act and the rules and regulations promulgated by the Board. The Board’s regulations for water pollution are found

in Title 35, Subtitle C, Chapter I of the Illinois Administrative Code (“Board Water Pollution Regulations”).

9. The Facility is a wood container manufacturer. As a wood container manufacturer, Respondent is required to have coverage under the General National Pollutant Discharge Elimination System Permit for Industrial Activities for discharge of stormwater to waters of the State of Illinois (“General NPDES Stormwater Permit”).

10. On April 1, 2003, Illinois EPA issued the Facility coverage pursuant to General NPDES Permit No. ILR006266 (the “Permit”) with Fred Helmuth listed as the permittee and Okaw Truss listed as the facility. On June 28, 2004, Illinois EPA received a request to change the name on permit from Fred Helmuth to Okaw Truss, Inc.

11. On April 30, 2014, the Permit expired.

12. The current iteration of the General NPDES Stormwater Permit was issued on April 5, 2017, and anyone seeking coverage under this iteration of the General NPDES Stormwater Permit must submit a Notice of Intent (“NOI”) and a Storm Water Pollution Prevention Plan (“SWPPP”).

13. On October 30, 2018, Illinois EPA issued a letter to Respondent stating that Respondent was required to submit an NOI to renew coverage under the General NPDES Stormwater Permit, a current SWPPP, and past due annual reports.

14. On September 25, 2020, Illinois EPA conducted an inspection of the Facility (“September 2020 Inspection”).

15. At the time of the September 2020 Inspection, Illinois EPA’s inspector observed the Facility’s ongoing operation as a wood container manufacturing facility and its stormwater collection and discharge system.

16. Based upon the observations made during the September 2020 Inspection, Illinois EPA determined that the Facility was an operational wood container manufacturing facility.

17. On April 13, 2021, Illinois EPA issued a second letter to Respondent stating that Respondent was required to submit an NOI to renew coverage under the General NPDES Stormwater Permit, a current SWPPP, and past due annual reports.

18. At all times relevant to the Complaint, the Facility was and is an active wood container manufacturing facility.

19. Section 12(f) of the Act, 415 ILCS 5/12(f) (2020), provides, in pertinent part, as follows:

26. Section 309.102(a) of the Illinois Pollution Control Board’s (“Board”) regulations, 35 Ill. Adm. Code 309.102(a), provides as follows:

a) Except as in compliance with the provisions of the Act, Board regulations, and the CWA, and the provisions and conditions of the NPDES permit issued to the discharger, the discharge of any contaminant or pollutant by any person into the waters of the State from a point source or into a well shall be unlawful.

27. The United States Environmental Protection Agency (“USEPA”) has authorized the State of Illinois to issue NPDES permits through Illinois EPA in compliance with federal regulations, including stormwater discharges regulated by 40 CFR § 122.26, which requires a person to obtain an NPDES permit and implement a stormwater pollution prevention plan for stormwater discharges associated with industrial activity.

28. Section 122.26 of the Code of Federal Regulations, 40 CFR § 122.26, provides, in pertinent part, as follows:

30. The Facility is a facility considered to be engaging in “industrial activity” within the meaning of Section 122.26 of the Code of Federal Regulations, 40 CFR § 122.26.

31. Stormwater discharges from the Facility are associated with industrial activity and therefore require an NPDES permit.

32. On or after April 30, 2014, and on dates better known to Respondent, Respondent operated a facility engaged in industrial activity without obtaining coverage under the General NPDES Stormwater Permit.

33. By operating a facility engaged in industrial activity without obtaining coverage under the General NPDES Stormwater Permit, Respondent caused, threatened, or allowed the discharge of stormwater associated with industrial activity into waters of the State without an NPDES permit, and thereby violated Section 12(f) of the Act, 415 ILCS 5/12(f) (2020).

Complainant, PEOPLE OF THE STATE OF ILLINOIS, by KWAME RAOUL, Attorney General of the State of Illinois, the Illinois Environmental Protection Agency (“Illinois EPA”), and OKAW TRUSS, INC., an Illinois corporation (“Respondent”), (collectively “Parties to the Stipulation”), have agreed to the making of this Stipulation and Proposal for Settlement (“Stipulation”) and submit it to the Illinois Pollution Control Board (“Board”) for approval. This stipulation of facts is made and agreed upon for purposes of settlement only and as a factual basis for the Board’s approval of this Stipulation and issuance of relief. None of the facts stipulated herein shall be introduced into evidence in any other proceeding regarding the violations of the Illinois Environmental Protection Act (“Act”), 415 ILCS 5/1, et seq. (2020), and the Board’s regulations, alleged in the Complaint except as otherwise provided herein. It is the intent of the Parties to the Stipulation that it be a final adjudication of this matter.

I. STATEMENT OF FACTS

ILCS 5/31 (2020), against the Respondent.

2. The Illinois EPA is an administrative agency of the State of Illinois, created pursuant to Section 4 of the Act, 415 ILCS 5/4 (2020).

3. At all times relevant to the Complaint, Respondent was and is an Illinois corporation that is authorized to transact business in the State of Illinois.

4. At all times relevant to the Complaint, Respondent owns and operates a business manufacturing commercial and residential construction components, such as wood trusses, steel trusses, wall panels, and timber trusses, located at 368 E. State Highway 133, Arthur, Douglas County, Illinois ("Facility").

5. Respondent operated the Facility under the National Pollutant Discharge Elimination System ("NPDES") General Permit Number ILR006266, which expired on April 30, 2014.

B. Allegations of Non-Compliance

Complainant contends that the Respondent has violated the following provisions of the Act and Board regulations:

Count I: Failure to Obtain NPDES Permit Coverage
Section 12(f) of the Act, 415 ILCS 5/12(f) (2020), and Section 309.102(a) of the Board's regulations, 35 Ill. Adm. Code 309.102(a) (2020).

Count II: Water Pollution
Section 12(a) of the Act, 415 ILCS 5/12(a) (2020).

C. Admission of Violations

The Respondent admits to the violations alleged in the Complaint filed in this matter and referenced within Section I.B herein.

D. Compliance Activities to Date

On October 7, 2022, the Respondent submitted to Illinois EPA a Notice of Intent (“NOI”) to renew coverage under the current General Storm Water NPDES Permit for Industrial Activity (“General NPDES Permit”) and a Storm Water Pollution Prevention Plan (“SWPPP”).

II. APPLICABILITY

This Stipulation shall apply to and be binding upon the Parties to the Stipulation. The Respondent shall not raise as a defense to any enforcement action taken pursuant to this Stipulation the failure of any of its officers, directors, agents, employees or successors or assigns to take such action as shall be required to comply with the provisions of this Stipulation. This Stipulation may be used against the Respondent in any subsequent enforcement action or permit proceeding as proof of a past adjudication of violation of the Act and the Board Regulations for all violations alleged in the Complaint in this matter, for purposes of Sections 39 and 42 of the Act, 415 ILCS 5/39 and 42 (2020).

III. IMPACT ON THE PUBLIC RESULTING FROM ALLEGED NON-COMPLIANCE

Section 33(c) of the Act, 415 ILCS 5/33(c) (2020), provides as follows:

In making its orders and determinations, the Board shall take into consideration all the facts and circumstances bearing upon the reasonableness of the emissions, discharges, or deposits involved including, but not limited to:

1. the character and degree of injury to, or interference with the protection of the health, general welfare and physical property of the people;
2. the social and economic value of the pollution source;
3. the suitability or unsuitability of the pollution source to the area in which it is located, including the question of priority of location in the area involved;
4. the technical practicability and economic reasonableness of reducing or eliminating the emissions, discharges or deposits resulting from such pollution source; and

5. any subsequent compliance.

In response to these factors, the Parties to the Stipulation state the following:

1. Human health and the environment were threatened by the Respondent's violations.
2. There is social and economic benefit to the Facility.
3. Operation of the Facility was and is suitable for the area in which it is located, so

long as it is operated in compliance with the Act and Board regulations.

4. Obtaining coverage under the General NPDES Permit for the Facility and compliance with its terms are both technically practicable and economically reasonable.
5. Respondent has subsequently complied with the Act and the Board regulations.

IV. CONSIDERATION OF SECTION 42(h) FACTORS

Section 42(h) of the Act, 415 ILCS 5/42(h) (2020), provides as follows:

In determining the appropriate civil penalty to be imposed under . . . this Section, the Board is authorized to consider any matters of record in mitigation or aggravation of penalty, including but not limited to the following factors:

1. the duration and gravity of the violation;
2. the presence or absence of due diligence on the part of the respondent in attempting to comply with requirements of this Act and regulations thereunder or to secure relief therefrom as provided by this Act;
3. any economic benefits accrued by the respondent because of delay in compliance with requirements, in which case the economic benefits shall be determined by the lowest cost alternative for achieving compliance;
4. the amount of monetary penalty which will serve to deter further violations by the respondent and to otherwise aid in enhancing voluntary compliance with this Act by the respondent and other persons similarly subject to the Act;
5. the number, proximity in time, and gravity of previously adjudicated violations of this Act by the respondent;
6. whether the respondent voluntarily self-disclosed, in accordance with subsection i of this Section, the non-compliance to the Agency;

7. whether the respondent has agreed to undertake a supplemental environmental project, which means an environmentally beneficial project that a respondent agrees to undertake in settlement of an enforcement action brought under this Act, but which the respondent is not otherwise legally required to perform; and
8. whether the respondent has successfully completed a Compliance Commitment Agreement under subsection (a) of Section 31 of this Act to remedy the violations that are the subject of the complaint.

In response to these factors, the Parties to the Stipulation state as follows:

1. On October 30, 2018, Illinois EPA informed Respondent of its failure to renew its General NPDES Stormwater Permit. On October 7, 2022, the Respondent submitted to Illinois EPA a Notice of Intent (“NOI”) to renew coverage under the General Storm Water NPDES Permit for Industrial Activity (“General NPDES Permit”) and a Storm Water Pollution Prevention Plan (“SWPPP”).
2. Respondent did not show due diligence in resolving the violations.
3. The civil penalty takes into account any economic benefit realized by the Respondent as a result of avoided or delayed compliance
4. Complainant has determined, based upon the specific facts of this matter, that a penalty of EIGHT THOUSAND FIVE HUNDRED DOLLARS (\$8,500.00) will serve to deter further violations and aid in future voluntary compliance with the Act and Board regulations.
5. To Complainant’s knowledge, Respondent has no previously adjudicated violations of the Act.
6. Self-disclosure is not at issue in this matter.
7. The settlement of this matter does not include a supplemental environmental project.
8. A Compliance Commitment Agreement was not at issue in this matter.

V. TERMS OF SETTLEMENT

A. Penalty Payment

The Respondent shall pay a civil penalty in the sum of EIGHT THOUSAND FIVE HUNDRED DOLLARS (\$8,500.00) within thirty (30) days from the date the Board adopts and accepts this Stipulation.

B. Interest and Default

1. If the Respondent fails to make any payment required by this Stipulation on or before the date upon which the payment is due, the Respondent shall be in default and the remaining unpaid balance of the penalty, plus any accrued interest, shall be due and owing immediately. In the event of default, the Complainant shall be entitled to reasonable costs of collection, including reasonable attorney's fees.

2. Pursuant to Section 42(g) of the Act, interest shall accrue on any penalty amount owed by the Respondent not paid within the time prescribed herein. Interest on unpaid penalties shall begin to accrue from the date such are due and continue to accrue to the date full payment is received. Where partial payment is made on any penalty amount that is due, such partial payment shall be first applied to any interest on unpaid penalties then owing.

C. Payment Procedures

1. All payments required by this Stipulation shall be made by certified check or money order payable to the Illinois EPA for deposit into the Environmental Protection Trust Fund ("EPTF"). Payments shall be sent by first class mail and delivered to:

Illinois Environmental Protection Agency
Fiscal Services
1021 North Grand Avenue East
P.O. Box 19276

Springfield, Illinois 62794-9276

2. The case name and case number shall appear on the face of the certified check or money order.

3. A copy of the certified check or money order and any transmittal letter shall be sent to:

2. The Illinois EPA, its employees and representatives, and the Attorney General, his employees and representatives, shall have the right of entry into and upon the Respondent's Facility which is the subject of this Stipulation, at all reasonable times for the purposes of conducting inspections and evaluating compliance status. In conducting such inspections, the Illinois EPA, its employees and representatives, and the Attorney General, his employees and representatives, may take photographs, samples, and collect information, as they deem necessary.

3. This Stipulation in no way affects the responsibilities of the Respondent to comply with any other federal, state or local laws or regulations, including but not limited to the Act and the Board Regulations.

4. The Respondent shall cease and desist from future violations of the Act and Board Regulations that were the subject matter of the Complaint.

E. Release from Liability

In consideration of the Respondent's payment of the EIGHT THOUSAND FIVE HUNDRED DOLLARS (\$8,500.00) penalty; its compliance with the General NPDES permit and SWPPP, as contained in Section V.D.1 above, and its commitment to cease and desist as contained in Section V.D.4 above, completion of all activities required hereunder, and upon the Board's approval of this Stipulation, the Complainant releases, waives and discharges the Respondent from any further liability or penalties for the violations of the Act and Board regulations that were the subject matter of the Complaint herein. The release set forth above does not extend to any matters other than those expressly specified in Complainant's Complaint filed contemporaneously with this Stipulation. The Complainant reserves, and this Stipulation is without prejudice to, all rights of the State of Illinois against the Respondent with respect to all other matters, including but not limited to, the following:

- a. criminal liability;
- b. liability for future violation of state, federal, local, and common laws and/or regulations;
- c. liability for natural resources damage arising out of the alleged violations; and

G. Opportunity For Public Comment

Respondent consents to the entry of this Stipulation without further notice and agrees not to withdraw from or oppose acceptance of this Stipulation or to challenge any provision of the Stipulation, unless the Complainant has notified Respondent in writing that it withdraws or withholds its consent for the Stipulation. In the event the Complainant notifies the Respondent that it withdraws or withholds its consent for the Stipulation, then the terms of the agreement may not be used as evidence in any litigation between those entities.
