**MOTION FOR RELIEF FROM HEARING REQUIREMENT**

NOW COMES Complainant, PEOPLE OF THE STATE OF ILLINOIS, by KWAME RAOUL, Attorney General of the State of Illinois, and pursuant to Section 31(c)(2) of the Illinois Environmental Protection Act (“Act”), 415 ILCS 5/31(c)(2) (2022), moves that the Illinois Pollution Control Board (“Board”) grant the parties in the above-captioned matter relief from the hearing requirement imposed by Section 31(c)(1) of the Act, 415 ILCS 5/31(c)(1) (2022). In support of this motion, Complainant states as follows:

1. The Complaint in this matter alleges violations of Sections 12(a) and (f) of the Act, 415 ILCS 5/12(a) and (f) (2022), and Section 309.102(a) of the Board Water Pollution Regulations, 35 Ill. Adm. Code 309.102(a).
2. The parties have reached agreement on all outstanding issues in this matter.
3. This agreement is presented to the Board in a Stipulation and Proposal for Settlement filed this same date.
4. All parties agree that a hearing on the Stipulation and Proposal for Settlement is not necessary, and respectfully request relief from such a hearing as allowed by Section 31(c)(2) of the Act, 415 ILCS 5/31(c)(2) (2022).

WHEREFORE, Complainant, PEOPLE OF THE STATE OF ILLINOIS, hereby requests

that the Board grant this motion for relief from the hearing requirement set forth in Section 31(c)(1) of the Act, 415 ILCS 5/31(c)(1) (2022).

Respectfully submitted,

PEOPLE OF THE STATE OF ILLINOIS  
KWAME RAOUL  
Attorney General of the State of Illinois

**STIPULATION AND PROPOSAL FOR SETTLEMENT**

Complainant, PEOPLE OF THE STATE OF ILLINOIS, by KWAME RAOUL, Attorney General of the State of Illinois, the ILLINOIS ENVIRONMENTAL PROTECTION AGENCY (“Illinois EPA”), and REDLINE METALS, INC. (“Respondent”), (collectively “Parties to the Consent Order”), have agreed to the making of this Stipulation and Proposal for Settlement (“Stipulation”) and submit it to the Illinois Pollution Control Board (“Board”) for approval. This stipulation of facts is made and agreed upon for purposes of settlement only and as a factual basis for the Board’s approval of this Stipulation and issuance of relief. None of the facts stipulated herein shall be introduced into evidence in any other proceeding regarding the violations of the Illinois Environmental Protection Act (“Act”), 415 ILCS 5/1 *et seq.* (2022), and the Board’s regulations, alleged in the Complaint except as otherwise provided herein. It is the intent of the Parties to the Stipulation that it be a final adjudication of this matter.

**I. STATEMENT OF FACTS**

**A. Parties**

1. On July 28, 2023, a Complaint was filed on behalf of the People of the State of Illinois by Kwame Raoul, Attorney General of the State of Illinois, on his own motion and upon the request of the Illinois EPA, pursuant to Section 31 of the Act, 415 ILCS 5/31 (2022), against the Respondent.

2. The Illinois EPA is an administrative agency of the State of Illinois, created pursuant to Section 4 of the Act, 415 ILCS 5/4 (2022), and is charged, *inter alia*, with the duty of enforcing the Act. The Illinois EPA is further charged with the duty to abate violations of the National Pollution Discharge Elimination System (“NPDES”) permit program under the Federal Clean Water Act (“CWA”), 33 U.S.C. § 1342(b)(7).

3. At all times relevant to the Complaint, Respondent has been and is an Illinois corporation who operated a metal scrapyards facility located at 1255 Gifford Road, Elgin, Kane County, Illinois (“Facility”).

4. Respondent was required to obtain coverage under the NPDES General Stormwater Permit for Industrial Activities (“NPDES Industrial General Permit”) for the Facility.

**B. Allegations of Non-Compliance**

Complainant contends that the Respondent has violated the following provisions of the Act and Board regulations:

- Count I: Failure to obtain a general national pollutant discharge elimination system permit for industrial activities in violation of Section 12(f) of the Act, 415 ILCS 5/12(f) (2022), and Section 309.102(a) of the Board Water Pollution Regulations, 35 Ill. Adm. Code 309.102(a).
- Count II: Causing or tending to cause water pollution in violation of Section 12(a) of the Act, 415 ILCS 5/12(a) (2022), and Section 309.102(a) of the Board’s Water Pollution Regulations, 35 Ill. Adm. Code 309.102(a).

**C. Non-Admission of Violations**

Respondent represents that it has entered into this Stipulation for the purpose of settling and compromising disputed claims without having to incur the expense of contested litigation. By entering into this Stipulation and complying with its terms, Respondent does not affirmatively admit the allegations of violations within the Complaint and referenced within Section I.B herein, and this Stipulation shall not be interpreted as including such admission.

**D. Compliance Activities to Date**

1. On or about March 9, 2023, Respondent submitted to the Illinois EPA a notice of intent, a storm water pollution prevention plan (“SWPPP”), and a permit application fee in order for its Facility to obtain coverage under the NPDES Industrial General Permit.

2. On July 24, 2023, Illinois EPA sent Respondent a Notice of Coverage letter informing Respondent that the Facility’s stormwater discharges associated with industrial activity are covered by the NPDES Industrial General Permit.

**II. APPLICABILITY**

1. This Stipulation shall apply to and be binding upon the Parties to the Stipulation. The Respondent shall not raise as a defense to any enforcement action taken pursuant to this Stipulation the failure of any of its officers, directors, agents, employees or successors or assigns to take such action as shall be required to comply with the provisions of this Stipulation. This Stipulation may be used against the Respondent in any subsequent enforcement action or permit proceeding as proof of a past adjudication of violation of the Act and the Board Regulations for all violations alleged in the Complaint in this matter, for purposes of Sections 39 and 42 of the Act, 415 ILCS 5/39 and 42 (2022).

**III. IMPACT ON THE PUBLIC RESULTING FROM ALLEGED NON-COMPLIANCE**

Section 33(c) of the Act, 415 ILCS 5/33(c) (2022), provides as follows:

In making its orders and determinations, the Board shall take into consideration all the facts and circumstances bearing upon the reasonableness of the emissions, discharges, or deposits involved including, but not limited to:

1. the character and degree of injury to, or interference with the protection of the health, general welfare and physical property of the people;
2. the social and economic value of the pollution source;
3. the suitability or unsuitability of the pollution source to the area in which it is located, including the question of priority of location in the area involved;
4. the technical practicability and economic reasonableness of reducing or eliminating the emissions, discharges or deposits resulting from such pollution source; and
5. any subsequent compliance.

In response to these factors, the Parties to the Stipulation state the following:

1. Human health and the environment were threatened and the Illinois EPA's information gathering responsibilities were hindered by Respondent's violations.
2. There is social and economic benefit to the Facility.
3. Operation of the Facility was and is suitable for the area in which it is located.
4. Obtaining coverage under the NPDES Industrial General Permit for the Facility and compliance with its terms is both technically practicable and economically reasonable.
5. Respondent has subsequently complied with the Act and the Board regulations.

#### **IV. CONSIDERATION OF SECTION 42(h) FACTORS**

Section 42(h) of the Act, 415 ILCS 5/42(h) (2022), provides as follows:

In determining the appropriate civil penalty to be imposed under . . . this Section, the Board is authorized to consider any matters of record in mitigation or aggravation of penalty, including but not limited to the following factors:

1. the duration and gravity of the violation;

2. the presence or absence of due diligence on the part of the respondent in attempting to comply with requirements of this Act and regulations thereunder or to secure relief therefrom as provided by this Act;
3. any economic benefits accrued by the respondent because of delay in compliance with requirements, in which case the economic benefits shall be determined by the lowest cost alternative for achieving compliance;
4. the amount of monetary penalty which will serve to deter further violations by the respondent and to otherwise aid in enhancing voluntary compliance with this Act by the respondent and other persons similarly subject to the Act;
5. the number, proximity in time, and gravity of previously adjudicated violations of this Act by the respondent;
6. whether the respondent voluntarily self-disclosed, in accordance with subsection i of this Section, the non-compliance to the Agency;
7. whether the respondent has agreed to undertake a "supplemental environmental project", which means an environmentally beneficial project that a respondent agrees to undertake in settlement of an enforcement action brought under this Act, but which the respondent is not otherwise legally required to perform; and
8. whether the respondent has successfully completed a Compliance Commitment Agreement under subsection (a) of Section 31 of this Act to remedy the violations that are the subject of the complaint.

In response to these factors, the Parties to the Stipulation state as follows:

1. Respondent failed to obtain coverage under the NPDES Industrial General Permit and also caused or tended to cause water pollution by failing to prepare and implement a SWPPP. The violations began in at least 2019 and continued until at least on or about July 24, 2023, when Respondent obtained coverage under the NPDES Industrial General Permit.
2. While Respondent recently obtained coverage under the NPDES Industrial General Permit, it did not show due diligence in resolving the violations prior to doing so.

3. The civil penalty takes into account any economic benefit realized by Respondent as a result of avoided or delayed compliance.

4. Complainant has determined, based upon the specific facts of this matter, that a penalty of \$15,000.00 will serve to deter further violations and aid in future voluntary compliance with the Act and Board regulations.

5. To Complainant's knowledge, Respondent has no previously adjudicated violations of the Act.

6. Self-disclosure is not at issue in this matter.

7. The settlement of this matter does not include a supplemental environmental project.

8. A Compliance Commitment Agreement was not at issue in this matter.

#### V. TERMS OF SETTLEMENT

##### A. **Penalty Payment**

The Respondent shall pay a civil penalty in the sum of \$15,000.00 within thirty (30) days from the date the Board adopts and accepts this Stipulation.

##### B. **Interest and Default**

1. If Respondent fails to make any payment required by this Stipulation on or before the date upon which the payment is due, Respondent shall be in default and the remaining unpaid balance of the penalty, plus any accrued interest, shall be due and owing immediately. In the event of default, the Complainant shall be entitled to reasonable costs of collection, including reasonable attorney's fees.

2. Pursuant to Section 42(g) of the Act, interest shall accrue on any penalty amount owed by the Respondent not paid within the time prescribed herein. Interest on unpaid penalties

shall begin to accrue from the date such are due and continue to accrue to the date full payment is received. Where partial payment is made on any penalty amount that is due, such partial payment shall be first applied to any interest on unpaid penalties then owing.

**C. Payment Procedures**

1. All payments required by this Stipulation shall be made by certified check or money order payable to the Illinois EPA for deposit into the Environmental Protection Trust Fund ("EPTF"). Payments shall be sent by first class mail and delivered to:

Illinois Environmental Protection Agency  
Fiscal Services  
1021 North Grand Avenue East  
P.O. Box 19276  
Springfield, Illinois 62794-9276

2. The case name and case number shall appear on the face of the certified check or money order.

3. A copy of the certified check or money order and any transmittal letter shall be sent to:

Rebecca Kanz  
Assistant Attorney General  
Environmental Bureau  
Illinois Attorney General's Office  
69 W. Washington Street, Suite 1800  
Chicago, Illinois 60602

**D. Future Compliance**

1. The Respondent shall comply with the terms and conditions of the NPDES Industrial General Permit and its SWPPP.

2. In addition to any other authorities, the Illinois EPA, its employees and representatives, and the Attorney General, his employees and representatives, shall have the right of entry into and upon the Respondent's Facility which is the subject of this Stipulation, at all

reasonable times for the purposes of conducting inspections and evaluating compliance status. In conducting such inspections, the Illinois EPA, its employees and representatives, and the Attorney General, his employees and representatives, may take photographs, samples, and collect information, as they deem necessary.

3. This Stipulation in no way affects the responsibilities of Respondent to comply with any other federal, state or local laws or regulations, including but not limited to the Act and the Board Regulations.

4. The Respondent shall cease and desist from future violations of the Act and Board Regulations that were the subject matter of the Complaint.

**E. Release from Liability**

In consideration of the Respondent's payment of the \$15,000.00 penalty and any specified costs and accrued interest, its commitment to cease and desist as contained in Section V.D.4 above, completion of all activities required hereunder, and upon the Board's approval of this Stipulation, the Complainant releases, waives and discharges the Respondent from any further liability or penalties for the violations of the Act and Board regulations that were the subject matter of the Complaint herein. The release set forth above does not extend to any matters other than those expressly specified in Complainant's Complaint filed on July 28, 2023. The Complainant reserves, and this Stipulation is without prejudice to, all rights of the State of Illinois against the Respondent with respect to all other matters, including but not limited to, the following:

- a. criminal liability;
- b. liability for future violation of state, federal, local, and common laws and/or regulations;
- c. liability for natural resources damage arising out of the alleged violations; and

- d. liability or claims based on Respondent's failure to satisfy the requirements of this Stipulation.

Nothing in this Stipulation is intended as a waiver, discharge, release, or covenant not to sue for any claim or cause of action, administrative or judicial, civil or criminal, past or future, in law or in equity, which the State of Illinois may have against any person, as defined by Section 3.315 of the Act, 415 ILCS 5/3.315, or entity other than the Respondent.

**F. Enforcement of Stipulation**

Upon the entry of the Board's Order approving and accepting this Stipulation, that Order is a binding and enforceable order of the Board and may be enforced as such through any and all available means.

**G. Opportunity for Public Comment**

Pursuant to 35 Ill. Adm. Code 103.300(b)(2), the Board shall publish notice of this Stipulation for at least 30 days prior to the Board accepting the Stipulation. If public comments are submitted to the Board regarding this Stipulation, the Complainant reserves the right to withdraw its consent if the comments regarding the Stipulation disclose facts or considerations which indicate that the Stipulation is inappropriate, improper, or inadequate. Respondent consents to the entry of this Stipulation without further notice and agrees not to withdraw from or oppose acceptance of this Stipulation or to challenge any provision of the Stipulation, unless the Complainant has notified Respondent in writing that it withdraws or withholds its consent for the Stipulation. In the event the Complainant notifies the Respondent that it withdraws or withholds its consent for the Stipulation, then the terms of the agreement may not be used as evidence in any litigation between those entities.

**H. Execution of Stipulation**

The undersigned representatives for the Parties to the Stipulation certify that they are fully authorized by the party whom they represent to enter into the terms and conditions of this Stipulation and to legally bind them to it.

WHEREFORE, the Parties to the Stipulation request that the Board adopt and accept the foregoing Stipulation and Proposal for Settlement as written.

AGREED:
