**STIPULATION AND PROPOSAL FOR SETTLEMENT**

Complainant, PEOPLE OF THE STATE OF ILLINOIS, by KWAME RAOUL, Attorney General of the State of Illinois, the ILLINOIS ENVIRONMENTAL PROTECTION AGENCY (“Illinois EPA”), and SHABEENA AFRIDI (“Afridi”), individual and d/b/a ONE STOP GAS STATION and ARATHI PROPERTY INC. (“Arathi Property”) (“Respondents”) (collectively “Parties to the Stipulation”), have agreed to the making of this Stipulation and Proposal for Settlement (“Stipulation”) and submit it to the Illinois Pollution Control Board (“Board”) for approval. This stipulation of facts is made and agreed upon for purposes of settlement only and as a factual basis for the Board’s approval of this Stipulation and issuance of relief. None of the facts stipulated herein shall be introduced into evidence in any other proceeding regarding the violations of the Illinois Environmental Protection Act (“Act”), 415 ILCS 5/1, et seq. (2020), and the Board’s regulations, alleged in the Complaint except as otherwise provided herein. It is the intent of the Parties to the Stipulation that it be a final adjudication of this matter.

**I. STATEMENT OF FACTS**

**A. Parties**

1. On August 12, 2022, a Complaint was filed on behalf of the People of the State of

Illinois by Kwame Raoul, Attorney General of the State of Illinois, on his own motion and upon the request of the Illinois EPA, pursuant to Section 31 of the Act, 415 ILCS 5/31 (2020), against Respondents.

2. The Illinois EPA is an administrative agency of the State of Illinois, created pursuant to Section 4 of the Act, 415 ILCS 5/4 (2020).

3. From February 23, 2011 until at least December 20, 2018, Afridi owned and operated a gasoline dispensing facility located at 2950 North Cicero Avenue, Chicago, Cook County, Illinois, doing business as One Stop Gas Station ("Facility").

4. At all times relevant to this Complaint, Arathi Property has been and is an Illinois corporation, in good standing with the Illinois Secretary of State.

5. From December 20, 2018 until the time of the filing of this Complaint, Arathi Property owned and operated the Facility.

6. As of the date of filing of the Complaint, the Site/Facility is located in an area of Environmental Justice ("EJ") concern as identified using Illinois EPA EJ Start.

7. Respondents owned and operated gasoline dispensing pumps at the Facility that emit volatile organic compounds ("VOCs") into the environment.

**B. Allegations of Non-Compliance**

Complainant contends that Respondents have violated the following provisions of the Act and Board Air Pollution Regulations:

Count I: Failure to Timely Decommission Vapor Collection and Control System and Submit Reports, in violation of Section 9(a) of the Act, 415 ILCS 5/9(a) (2020), and Sections 218.586(i)(1)(B) and 218.586(i)(2)(C) of the Board Air Pollution Regulations, 35 Ill. Adm. Code 218.586(i)(1)(B) and 218.586(i)(2)(C).

**C. Admission of Violations**

Respondents admit to the violations alleged in the Complaint filed in this matter and referenced within Section I.B herein.

**D. Compliance Activities to Date**

On March 26, 2022, Illinois EPA received a decommissioning checklist, certification, and test results for the facility. According to these records, the Facility's vapor collection and control system was decommissioned on February 13, 2019.

**II. APPLICABILITY**

This Stipulation shall apply to and be binding upon the Parties to the Stipulation. Respondents shall not raise as a defense to any enforcement action taken pursuant to this Stipulation the failure of any of its officers, directors, agents, employees or successors or assigns to take such action as shall be required to comply with the provisions of this Stipulation. This Stipulation may be used against Respondents in any subsequent enforcement action or permit proceeding as proof of a past adjudication of violation of the Act and the Board Regulations for all violations alleged in the Complaint in this matter, for purposes of Sections 39 and 42 of the Act, 415 ILCS 5/39 and 42 (2020).

**III. IMPACT ON THE PUBLIC RESULTING FROM ALLEGED NON-COMPLIANCE**

Section 33(c) of the Act, 415 ILCS 5/33(c) (2020), provides as follows:

In making its orders and determinations, the Board shall take into consideration all the facts and circumstances bearing upon the reasonableness of the emissions, discharges, or deposits involved including, but not limited to:

1. the character and degree of injury to, or interference with the protection of the health, general welfare and physical property of the people;
2. the social and economic value of the pollution source;

3. the suitability or unsuitability of the pollution source to the area in which it is located, including the question of priority of location in the area involved;
4. the technical practicability and economic reasonableness of reducing or eliminating the emissions, discharges or deposits resulting from such pollution source; and
5. any subsequent compliance.

In response to these factors, the Parties to the Stipulation state the following:

1. Complainant contends that human health and the environment were threatened and the Illinois EPA's information gathering responsibilities were hindered by Respondents' violations.
2. There is social and economic benefit to the Facility.
3. Operation of the Facility was and is suitable for the area in which it is located.
4. Timely decommissioning of Respondents' vapor collection and control system, and timely submission of a decommissioning checklist, certification, and test results to the Illinois EPA, are both technically practicable and economically reasonable.
5. Respondents have subsequently complied with the Act and the Board Regulations.

#### **IV. CONSIDERATION OF SECTION 42(h) FACTORS**

Section 42(h) of the Act, 415 ILCS 5/42(h) (2020), provides as follows:

In determining the appropriate civil penalty to be imposed under . . . this Section, the Board is authorized to consider any matters of record in mitigation or aggravation of penalty, including but not limited to the following factors:

1. the duration and gravity of the violation;
2. the presence or absence of due diligence on the part of the respondent in attempting to comply with requirements of this Act and regulations thereunder or to secure relief therefrom as provided by this Act;
3. any economic benefits accrued by the respondent because of delay in compliance with requirements, in which case the economic benefits shall be determined by the lowest cost alternative for achieving compliance;

4. the amount of monetary penalty which will serve to deter further violations by the respondent and to otherwise aid in enhancing voluntary compliance with this Act by the respondent and other persons similarly subject to the Act;
5. the number, proximity in time, and gravity of previously adjudicated violations of this Act by the respondent;
6. whether the respondent voluntarily self-disclosed, in accordance with subsection i of this Section, the non-compliance to the Agency;
7. whether the respondent has agreed to undertake a 'supplemental environmental project,' which means an environmentally beneficial project that a respondent agrees to undertake in settlement of an enforcement action brought under this Act, but which the respondent is not otherwise legally required to perform; and
8. whether the respondent has successfully completed a Compliance Commitment Agreement under subsection (a) of Section 31 of this Act to remedy the violations that are the subject of the complaint.

In response to these factors, the Parties to the Stipulation state as follows:

1. Respondents failed to timely submit a decommissioning checklist, certification, and test results to the Illinois EPA. The violations began on January 1, 2017, and were resolved by Respondents on March 26, 2022, when Illinois EPA received a decommissioning checklist, certification, and test results for the facility which indicated that the Facility's vapor collection and control system was decommissioned on February 13, 2019.
2. Respondents were diligent in attempting to come back into compliance with the Act and Board Regulations once the Illinois EPA notified it of its noncompliance.
3. The civil penalty takes into account any economic benefit realized by Respondents as a result of avoided or delayed compliance.
4. Complainant has determined, based upon the specific facts of this matter, that a penalty of Five Thousand Dollars (\$5,000.00) will serve to deter further violations and aid in future

voluntary compliance with the Act and Board Regulations.

5. To Complainant's knowledge, Respondents have no previously adjudicated violations of the Act.

6. Self-disclosure is not at issue in this matter.

7. The settlement of this matter does not include a supplemental environmental project.

8. A Compliance Commitment Agreement was not at issue in this matter

## V. TERMS OF SETTLEMENT

### A. **Penalty Payment**

Respondent, Arathi Property shall pay a civil penalty in the sum of Five Thousand Dollars (\$5,000.00) within thirty (30) days from the date the Board adopts and accepts this Stipulation.

### B. **Stipulated Interest and Default**

1. If the Respondents fail to make any payment required by this Stipulation on or before the date upon which the payment is due, the Respondents shall be in default and the remaining unpaid balance of the penalty, plus any accrued interest, shall be due and owing immediately. In the event of default, the Complainant shall be entitled to reasonable costs of collection, including reasonable attorney's fees.

2. Pursuant to Section 42(g) of the Act, interest shall accrue on any penalty amount owed by the Respondents not paid within the time prescribed herein. Interest on unpaid penalties shall begin to accrue from the date such are due and continue to accrue to the date full payment is received. Where partial payment is made on any penalty amount that is due, such partial payment shall be first applied to any interest on unpaid penalties then owing.

3. The stipulated penalties shall be enforceable by the Complainant and shall be in

addition to, and shall not preclude the use of, any other remedies or sanctions arising from the failure to comply with this Stipulation.

**C. Payment Procedures**

1. All payments required by this Stipulation shall be made by certified check or money order payable to the Illinois EPA for deposit into the Environmental Protection Trust Fund ("EPTF"). Payments shall be sent by first class mail and delivered to:

Illinois Environmental Protection Agency  
Fiscal Services  
1021 North Grand Avenue East  
P.O. Box 19276  
Springfield, Illinois 62794-9276

2. The case name and case number shall appear on the face of the certified check or money order.

3. A copy of the certified check or money order and any transmittal letter shall be sent to:

Elizabeth Dubats  
Assistant Attorney General

69 W. Washington Street, Suite 1800  
Chicago, Illinois 60602

**D. Future Compliance**

1. In addition to any other authorities, the Illinois EPA, its employees and representatives, and the Attorney General, his employees and representatives, shall have the right of entry into and upon Respondents' Facility which is the subject of this Stipulation, at all reasonable times for the purposes of conducting inspections and evaluating compliance status. In conducting such inspections, the Illinois EPA, its employees and representatives, and the Attorney General, his employees and representatives, may take photographs, samples, and collect

information, as they deem necessary.

2. This Stipulation in no way affects the responsibilities of Respondents to comply with any other federal, state or local laws or regulations, including but not limited to the Act and the Board Regulations.

3. Respondents shall cease and desist from future violations of the Act and Board Regulations that were the subject matter of the Complaint.

**E. Release from Liability**

In consideration of Respondent Arathi Property's payment of the \$5,000.00 penalty, its commitment to cease and desist as contained in Section V.D.3 above, and upon the Board's approval of this Stipulation, Complainant releases, waives and discharges Respondents from any further liability or penalties for the violations of the Act and Board Regulations that were the subject matter of the Complaint herein. The release set forth above does not extend to any matters other than those expressly specified in Complainant's Complaint filed on August 12, 2022. Complainant reserves, and this Stipulation is without prejudice to, all rights of the State of Illinois against Respondents with respect to all other matters, including but not limited to, the following:

- a. criminal liability;
- b. liability for future violation of state, federal, local, and common laws and/or regulations;
- c. liability for natural resources damage arising out of the alleged violations; and
- d. liability or claims based on Respondents' failure to satisfy the requirements of this Stipulation.

Nothing in this Stipulation is intended as a waiver, discharge, release, or covenant not to sue for any claim or cause of action, administrative or judicial, civil or criminal, past or future, in law or

in equity, which the State of Illinois may have against any person, as defined by Section 3.315 of the Act, 415 ILCS 5/3.315, or entity other than Respondents.

**F. Enforcement of Stipulation**

Upon the entry of the Board's Order approving and accepting this Stipulation, that Order is a binding and enforceable order of the Board and may be enforced as such through any and all available means.

**G. Execution of Stipulation**

The undersigned representatives for the Parties to the Stipulation certify that they are fully authorized by the party whom they represent to enter into the terms and conditions of this Stipulation and to legally bind them to it.

**[Remainder of Page Blank; Text Continues on Page 10]**
