Subject: [External] For the waste disposal transfer site in West Chicago
Date: Monday, October 23, 2023 4:25:27 PM

I have lived in West Chicago since 1977 and I am **for** the proposed waste transfer station by Lakeshore Recycling Systems. The location is ideal. Airport to the west, North Avenue to the north, forest and industries to the east, and industrial park to the south. Powis Road is the entry point from the west and north to the industrial park so truck traffic is the norm. The nearest residential area is miles away. The current site is well kept and landscaping is great.
