Re: Request for Provisional Variance Pursuant to 35 Ill. Adm. Code 722.117(b)

Gulfstream Aerospace SVC Corporation Attn: Doug Polzin 6400 Curtiss Steinberg Drive Cahokia Heights, IL 62206

Dear Mr. Polzin:

The Illinois Environmental Protection Agency ("Illinois EPA") has reviewed your December 20, 2023 request for a provisional variance pursuant to 35 Ill. Adm. Code 722.117(b). Based on this review, a provisional variance for a period of 30-days is **GRANTED** by the Illinois EPA.

The applicable facts of this request are as follows:

There has been a waste disposal site delay for one 40 yard roll off boxes containing filter solid waste that is toxic and listed as D006 and D007. The 90-day initial accumulation period for the waste is September 27, 2023. This is a one-time extension due to the delay.

35 Ill. Adm. Code 722.117(b) allows a generator to seek an extension of up to 30 days by means of a provisional variance from the Illinois EPA if hazardous waste must remain onsite for longer than 90 days due to unforeseen, temporary, and uncontrollable circumstances. The Illinois EPA finds that such facts and circumstances exist in this situation and hereby **GRANTS** a provisional variance pursuant to 35 Ill. Adm. Code 722.117(b) for a period of 30 days.

The Illinois EPA grants this provisional variance in accordance with its authority contained in Sections 35(b), 36 (c), and 37(b) of the Illinois Environmental Protection Act (415 ILCS 5/35(b), 36(c), and 37(b)) and 35 Ill. Adm. Code 722.117(b). The decision to grant this
