Subject: [External] Fw: State of Illinois Digital ID for Paul
Date: Thursday, April 11, 2024 9:16:45 PM

I am in process of getting new digital ID. I don't have a car, so I will walk the two miles to the FedEx office to print and notarize.

AOL Mail requires users look at the news stories whether using the app or desktop. This is why I do not recommend for any autistic person. This is the reason I deleted and am recreating accounts.

I walked into situations here in Memphis, so am splitting my attention. That discharge pipe travels along a public path, to White Station Creek and into Wolf river here in Memphis.
