ORDER OF THE BOARD (by J.A. Van Wie):

On October 17, 2024, the Illinois Environmental Protection Agency (Agency) filed a recommendation that the Board certify specified facilities of Parks Livestock E4 - Milford (Parks Livestock) as “pollution control facilities” for preferential tax treatment under the Property Tax Code. See 35 ILCS 200/11-5 et seq. (2022); 35 Ill. Adm. Code 125. Park Livestock’s swine finishing facility is located at 2998 East 880 North Road in Milford, Iroquois County. In this order, the Board describes the legal framework for tax certifications, discusses the Agency’s recommendation, and certifies that Parks Livestock’s identified livestock waste management facilities are pollution control facilities.

**LEGAL FRAMEWORK**

Under the Property Tax Code, “[i]t is the policy of this State that pollution control facilities should be valued, at 33 1/3% of the fair cash value of their economic productivity to their owners.” 35 ILCS 200/11-5 (2022); see also 35 Ill. Adm. Code 125.200(a)(2). “For tax purposes, pollution control facilities shall be certified as such by the Pollution Control Board and shall be assessed by the Department [of Revenue].” 35 ILCS 200/11-20 (2022); see also 35 Ill. Adm. Code 125.200(a). Under the statute, the Board determines if the facilities are pollution control facilities; however, the Board is not authorized to assess a value of those facilities.

Under Section 125.202 of the Board’s procedural rules, a person may submit an application for tax certification to the Agency. See 35 Ill. Adm. Code 125.202. If the Agency receives a tax certification application, the Agency must file with the Board a recommendation on the application, unless the applicant withdraws the application. See 35 Ill. Adm. Code 125.204(a). Among other things, the Agency’s filing must recommend that the Board issue or deny tax certification. See 35 Ill. Adm. Code 125.204(a)(4). If the Board finds “that the claimed facility or relevant portion thereof is a pollution control facility . . . , the Pollution Control Board . . . shall enter a finding and issue a certificate to that effect.” 35 ILCS 200/11-25 (2022); see also 35 Ill. Adm. Code 125.216(a).

### AGENCY RECOMMENDATION

The Agency states that it received a tax certification application from Parks Livestock on January 12, 2022.<sup>1</sup> Rec. at 1. On October 17, 2024, the Agency filed a recommendation with the Board, attaching Parks Livestock’s application (Rec. Exh. A). The Agency’s recommendation identifies the facilities at issue:

[o]ne (1) concrete manure deep pit measuring approximately 341 ft. (length) x 101.67 ft.<sup>2</sup> (width) x 8 ft. (depth), precast concrete slatted flooring over the manure pits (34,000 ft<sup>2</sup>), and twelve (12) pumpout pits measuring 6 ft. (length) x 6 ft. (width) x 8 ft. (depth) each. HDPE plastic perimeter drainage tiles (1,032 ft. x 4 in. total) are located around the footing of the deep manure pit. *Id.* at 1.

The Agency further describes the facilities as being “used to collect, transport, and/or store livestock waste prior to cropland application.” *Id.*

The Agency recommends that the Board certify that the livestock waste management facilities are pollution control facilities as defined in Section 11-10 of the Property Tax Code (35 ILCS 200/11-10 (2022)) with the “primary purpose of eliminating, preventing, or reducing water pollution.” Rec. at 2; *see also* Rec., Exh. A at 1 (Agency memorandum), 3-4 (Bureau of Water recommendation).

### TAX CERTIFICATE

Based upon the Agency’s recommendation, Parks Livestock’s application, and the Board’s technical review, the Board finds and certifies that Parks Livestock’s livestock waste management facilities identified in this order are pollution control facilities under the Property Tax Code (35 ILCS 200/11-10 (2022)). The Board makes no finding regarding the assessed value of those facilities. Under Section 11-25 of the Property Tax Code, the effective date of this certificate is “the date of application for the certificate or the date of the construction of the facility, which ever is later.” 35 ILCS 200/11-25 (2022); *see also* 35 Ill. Adm. Code 125.216(a). Section 125.216(d) of the Board’s procedural rules states that the Clerk “will provide the applicant and the Agency with a copy of the Board’s order setting forth *the Board’s findings and certificate, if any.*” 35 Ill. Adm. Code 125.216(d) (quoting in italics 35 ILCS 200/11-30 (2022)). The Clerk therefore will provide Parks Livestock and the Agency with a copy of this order.

IT IS SO ORDERED.

Section 11-60 of the Property Tax Code provides that any applicant or holder aggrieved by the issuance, refusal to issue, denial, revocation, modification or restriction of a pollution control certificate or a low sulfur dioxide emission coal fueled device certificate may appeal the Board’s finding and order to the Circuit Court under the Administrative Review Law (735 ILCS

---

<sup>1</sup> The Agency’s recommendation is cited as “Rec. at \_.”

<sup>2</sup> The Board notes that the Agency’s recommendation lists the width of the manure pit as 107.67 ft. *See* Rec. at 1. However, the width according to Parks Livestock’s tax certification application is 101.67 ft. *See* Pet. 10 and 13. The Board defers to the tax certification application for the facility size.

5/3-101 *et seq.* (2022)). See 35 ILCS 200/11-60 (2022). Within 35 days after receiving this final Board order, a party to this Board proceeding may file a motion asking the Board to reconsider or modify the order. 35 Ill. Adm. Code 101.520. Filing a motion to reconsider this final Board order is not a prerequisite to appealing the order. 35 Ill. Adm. Code 101.902.
