ORDER OF THE BOARD (by M. Gibson):

On August 14, 2023, East Dubuque Nitrogen Fertilizers, LLC (EDNF) filed a petition (Pet.) pursuant to Section 28.1 of the Environmental Protection Act (Act) and Section 104.402 of the Board's procedural rules. *See* 415 ILCS 5/28.1 (2022); 35 Ill. Adm. Code 104.402. EDNF petitions the Board for an adjusted standard from Section 217.381 of the Board's rules. 35 Ill. Adm. Code 217.381. Specifically, EDNF sought adjusted standards from the nitrogen oxide standards applicable to EDNF's two nitric acid manufacturing processes at its facility during periods of startup and shutdown. On October 5, 2023, the Board accepted the amended petition for hearing.

On November 25, 2024, EDNF filed a motion to voluntarily dismiss its petition (Mot.). EDNF states that this petition is no longer needed since the Board adopted EDNF's proposed amendments to Part 217 of the Board's rules in its R23-18(A) subdocket on August 22, 2024. Mot. at 2. EDNF reports that the Illinois Environmental Protection Agency does not oppose the request. *Id.*

The Board grants the unopposed motion for voluntary dismissal, dismisses the petition, and closes the docket.

IT IS SO ORDERED.

I, Don A. Brown, Clerk of the Illinois Pollution Control Board, certify that the Board adopted the above order on December 5, 2024, by a vote of 4-0.
