Date: Sunday, March 9, 2025 1:58:06 PM

Good afternoon Clerk Don Brown,

I ask that you docket this email as a public comment for **R2024-017** in the Matter of Proposed Clean Car and Truck Standards: Proposed Section 35 III. Admin Code 242.

My name is Soo Young Lee and I am a resident of Chicago (60637). I support the Illinois Pollution Control Board adopting the Proposed Clean Car and Truck Standards for the wellbeing and safety of Illinois residents, and particularly Black and brown communities that are disproportionately impacted by ever-rising diesel pollution. According to recent Air Quality and Health Reports, South and West Side neighborhoods in Chicago that bisect major highways and industrial facilities face the highest pollution burdens in the city. We need solutions to combat the detrimental health and environmental effects of these burdens, including rises in respiratory illnesses and exacerbation of heart and lung diseases.

I urge the Pollution Control Board to **sign into law the ACT, HDO and ACC2 Standards for a safer, more just, and cleaner tomorrow for all Illinois residents**, including you and yours.

Thank you,
Soo Young Lee
