---

Dear Don Brown,

Please docket this email as comment for R2024-017 in the matter of Proposed Clean Car and Truck Standards: Proposed Section 35 III admin code 242.

Thank you for receiving my public comment I am a Chicago resident that lives in the Pilsen neighborhood, zip code 60608.

I support the Illinois Pollution Control adopting the Proposed Clean Car and Truck Standards! These are important because Black and Latinx communities disproportionately deal with poor air quality and that's not right!! We deserve to breathe fresh air too!! There are 5 family members in my family that have asthma and it's awful to see that my loved ones fall sick and suffer from asthma attacks due to our city for failing to keep our air clean and safe.

Please adopt these standards to reduce the pollution that Pilsen, Little Village and surrounding neighborhoods are suffering from.

Sincerely,

Xochitl Esparza
