		)	
v.		)	PCB 27-
		)	(LUST – Ninety Day
ILLINOIS ENVIRONMENTAL PROTECTION		)	Extension)
AGENCY,		)	
Respondent.		)	

REQUEST FOR NINETY DAY EXTENSION
OF APPEAL PERIOD

NOW COMES the Respondent, the Illinois Environmental Protection Agency ("Illinois EPA"), by one of its attorneys, Melanie A. Jarvis, Assistant Counsel, and, pursuant to Section 40(a)(1) of the Illinois Environmental Protection Act (415 ILCS 5/40(a)(1)) and 35 Ill. Adm. Code 105.208, hereby requests that the Illinois Pollution Control Board ("Board") grant an extension of the thirty-five (35) day period for petitioning for a hearing to October 27, 2026, or any other date not more than a total of one hundred twenty-five (125) days from the date of receipt of the Illinois EPA's final decision. In support thereof, the Illinois EPA respectfully states as follows:

1. On or about June 17, 2026, the Illinois EPA issued a final decision to the Petitioner.
2. On July 10, 2026, the Petitioner made a written request to the Illinois EPA for an extension of time by which to file a petition for review, asking the Illinois EPA to join in requesting that the Board extend the thirty-five-day period for filing a petition by ninety days. Upon information and belief, Petitioner received the final decision on or about June 24, 2026.

3. The additional time requested by the parties may eliminate the need for a hearing in this matter or, in the alternative, allow the parties to identify issues and limit the scope of any hearing that may be necessary to resolve this matter.

WHEREFORE, for the reasons stated above, the parties request that the Board, in the interest of administrative and judicial economy, grant this request for a ninety-day extension of the thirty-five-day period for petitioning for a hearing.

Respectfully submitted,

ILLINOIS ENVIRONMENTAL PROTECTION AGENCY

LUST Technical File

Dear Legal Counsel:

On behalf of our client, DeShonoal M. Underwood and Haneghan's Amoco, we are requesting an extension to the appeal rights for 90 days for the decision on the review of the Corrective Action Plan (CAP) and Budget that was submitted and received by the IEPA on February 27, 2026. The CAP and Budget were rejected on June 17, 2026..

If you have any questions or require additional information, please contact me at (815) 713-5113. We appreciate all of your help with this project.

Sincerely,

Leaking UST Incidents 20021239 & 20080863
Leaking UST Technical File

Dear DeShonoal M. Underwood:

The Illinois Environmental Protection Agency (Illinois EPA) has reviewed the Corrective Action Plan (plan) and Supplemental Information submitted for the above-referenced incident. This information, dated February 23, 2026, and May 06, 2026, was received by the Illinois EPA on February 27, 2026, and May 06, 2026, respectively. Citations in this letter are from the Environmental Protection Act (415 ILCS 5) (Act) and Title 35 of the Illinois Administrative Code (35 Ill. Adm. Code).

The plan and the associated budget are rejected for the reason(s) listed below (Sections 57.7(b) and 57.7(c) of the Act and 35 Ill. Adm. Code 734.505(b), 734.510(a) and 734.510(b)).

The plan is rejected for the following reason(s):

1. Pursuant to 35 Ill. Adm. Code 734.335(a)(1), the Corrective Action Plan must address all media impacted by the UST release.

35 Ill. Adm. Code Part 620 was amended by the Illinois Pollution Control Board with an effective date of March 28, 2025. As a result, Class I groundwater now includes groundwater within Phase I and Phase II wellhead protection areas and maximum setback zones. Any physical or modeled contamination plume resulting from a Leaking UST release must meet the Tier 1, Class I groundwater remediation objectives within the Phase I and Phase II wellhead protection areas and maximum setback zones.

1101 Eastport Plaza Dr., Suite 100, Collinsville, IL 62234 • 618-346-5120
595 S. State Street, Elgin, IL 60123 • 847-608-3131
412 SW Washington Street, Suite D, Peoria, IL 61602 • 309-671-3022

115 S. LaSalle Street, Suite 2203, Chicago, IL 60603 • 312-832-0028
9511 Harrison Street, Des Plaines, IL 60016 • 847-294-4000
2309 W. Main Street, Suite 134, Marion, IL 62959 • 618-993-7200
4302 N. Main Street, Rockford, IL 61103 • 815-987-7760

Please print on recycled paper.

Page 2

The site is located within a Phase I wellhead protection areas for community water supply wells WL50337 and WL50338. The corrective action plan must address all soil contamination present as a result of the release that exceeds the Tier 2, Class I soil component of the groundwater ingestion exposure route and all groundwater contamination that exceeds the Tier 1, Class I groundwater component of the groundwater ingestion exposure route within the Phase I wellhead protection area.

2. Pursuant to 35 Ill. Adm. Code 742.300(b), no exposure route may be excluded from consideration until characterization of the extent and concentrations of contaminants of concern at a site has been performed.

The horizontal extent of soil contamination exceeding the most stringent Tier 1 objectives has not been defined north of BH-17 or west of W-18, W-28, and BH-21. The vertical extent of soil contamination exceeding the Tier 1 soil saturation limit (C_{sa}) has not been defined at sample locations W-24 and W-27. Additional soil sampling must be completed to define the horizontal and vertical extent of contamination.

The plan budget is rejected for the following reasons:

Pursuant to Section 57.1(a) and 57.7(c)(3) of the Environmental Protection Act and 35 Ill. Adm. Code 734.510(b), a financial review must consist of a detailed review of the costs associated with each element necessary to accomplish the goals of the plan as required pursuant to the Act and regulations. Items to be reviewed must include, but are not limited to, costs associated with any materials, activities or services that are included in the budget. The overall goal of the financial review must be to assure that costs associated with materials, activities, and services must be reasonable, must be consistent with the associated technical plan, must be incurred in the performance of corrective action activities, must not be used for corrective action in excess of those necessary to meet the minimum requirements of the Act and regulations, and must not exceed the maximum payment amounts set forth in 35 Ill. Adm. Code 734 Subpart H. The Corrective Action Plan with which the budget is associated is denied. Without an approvable plan, the proposed budget cannot be fully reviewed.

Pursuant to Sections 57.7(b) and 57.12(c) and (d) of the Act and 35 Ill. Adm. Code 734.100 and 734.125, a Corrective Action Plan and/or budget must be submitted by September 25, 2026, to:

Illinois Environmental Protection Agency

BOL File

Appeal Rights

An underground storage tank owner or operator may appeal this final decision to the Illinois Pollution Control Board pursuant to Sections 40 and 57.7(c)(4) of the Act by filing a petition for a hearing within 35 days after the date of issuance of the final decision. However, the 35-day period may be extended for a period not to exceed 90 days by written notice from the owner or operator and the Illinois EPA within the initial 35-day appeal period. If the owner or operator wishes to receive a 90-day extension, a written request that includes a statement of the date the final decision was received, along with a copy of this decision, must be sent to the Illinois EPA as soon as possible.

For information regarding the filing of an appeal, please contact:

Clerk of the Board
Illinois Pollution Control Board
60 East Van Buren Street, Suite 630
Chicago, IL 60605
(312) 814-3461

For information regarding the filing of an extension, please contact:
