NOTICE OF EXPEDITED CORRECTION

- 1) Heading of the Part: Standards Applicable to Generators of Hazardous Waste
- 2) Code Citation: 35 Ill. Adm. Code 722
- 3) Section Numbers:
722.116
722.117
- 4) Date Proposal published in the Illinois Register: 48 Ill. Reg. 11776; August 9, 2024
- 5) Date Adoption published in the Illinois Register: 48 Ill. Reg. 16994; November 22, 2024
- 6) Date Request for Expedited Correction published in the Illinois Register: 50 Ill. Reg. 8438; June 12, 2026
- 7) Adoption effective date: November 7, 2024
- 8) Correction effective date: November 7, 2024
- 9) Reason for Approval of Expedited Correction: Although the Illinois Register published the Board's final amendments to 35 Ill. Adm. Code 722 (48 Ill. Reg. 16994 (Nov. 22, 2024)), the Illinois Administrative Code pages filed by the Board with the Office of the Secretary of State for Sections 722.116 and 722.117 failed to include some of their respective amendments due to clerical oversight. The inadvertent omissions from Sections 722.116 and 722.117 created unintentional discrepancies between the adopted rule text and the rule text published in the Illinois Register. The circumstances fit within Section 5-85(b)(2) of the Illinois Administrative Procedure Act [5 ILCS 100/5-85(b)(2)] and therefore qualify for expedited correction.

Making these corrections to Sections 722.116 and 722.117 on an expedited basis will serve the public interest, result in no hardship, and not circumvent the public notice considerations of the Illinois Administrative Procedure Act. At its July 14, 2026 meeting, the Joint Committee on Administrative Rules (JCAR) certified that the Board's corrective language, effective November 7, 2024, meets the requirements and serves the purposes of Section 5-85(b) of the Illinois Administrative Procedure Act. On July 16, 2026, the Board received JCAR's Certification of Correction to Adopted Rulemaking.
