Respondent. )

ORDER OF THE BOARD (by E. Dunham):

On January 26, 1996, Spraying Systems Company (SSC) and the Illinois Environmental Protection Agency (Agency) filed a Joint Status Report.

This matter involves an appeal of special conditions imposed by the Agency in its October 4, 1990 approval of SSC's RCRA Closure Plan. In the course of settlement, SSC has submitted a proposed RCRA Closure Work Plan. The Agency has approved a revised work plan and SSC has completed the activities of the revised work plan. The parties state that they have reached a tentative agreement as to the remaining issues relating to the revised cleanup objectives and the Agency has prepared a draft revised RCRA Closure Plan approval letter. SSC and the Agency met to discuss the revised approval letter and the Agency is currently reviewing a proposal for additional investigative activities at the site. The parties anticipate that a settlement in this matter will resolve the issues on appeal. SSC has also provided a waiver of the decision deadline until July 31, 1996.

The parties are ordered to file status reports (or a joint status report) with the Board on or before April 8, 1996.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above order was adopted on the 1<sup>st</sup> day of February, 1996, by a vote of 7-0.

  
Dorothy M. Gunn, Clerk  
Illinois Pollution Control Board
