Petition of Hydrosol, Inc. for an ) AS 94-6  
Adjusted Standard from ) (Adjusted Standard - Air)  
35 Ill. Adm. Code 218 Subpart DD )

ORDER OF THE BOARD (by J. Theodore Meyer):

This matter comes before the Board on a March 6, 1996 Joint Status Report and Request for Extension of Stay filed by Hydrosol, Inc. (Hydrosol) and the Illinois Environmental Protection Agency (Agency). The parties state that since this petition was filed, the Agency proposed an amendment to 35 Ill. Adm. Code 218, Subpart DD which would provide the relief Hydrosol is seeking in this Adjusted Standard. On May 19, 1995, the amendment was published as a final rule in the Illinois Register. (19 Ill. Reg. 6929, 6930 (May 19, 1995).)

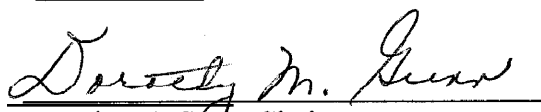

Subsequently, the Agency submitted this rulemaking to the United States Environmental Protection Agency (USEPA). Since this rulemaking was considered a non-controversial revision, the USEPA published both the proposed rule and final rule on January 26, 1996. However, the parties state that the USEPA received comments during the comment period and is considering publishing another notice in the Federal Register to address those comments. As a result, the parties request a continuation of the stay in this matter until final approval of 35 Ill. Adm. Code 218, Subpart DD, as amended in R94-21.

The Board hereby accepts the parties' joint status report and grants a stay in this matter until the USEPA approves the amendments to 35 Ill. Adm. Code 218, Subpart DD. Hydrosol is directed to file a status report on or before June 19, 1996 which will include a synopsis of the activity in this matter.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above order was adopted on the 21<sup>st</sup> day of March, 1996, by a vote of

7-0.
