ORDER OF THE BOARD (by C.A. Manning):

On March 18, 2002, the parties timely filed a joint notice to extend the 35-day period within which Chroma Corporation (Chroma) may appeal a February 11, 2002 determination of the Illinois Environmental Protection Agency (Agency). *See* 415 ILCS 5/40(a)(1) (2000); 35 Ill. Adm. Code 105.206(c), 105.208(a), (c). The Agency issued a final decision that certain of Chroma's "stormwater discharges associated with industrial activity are possibly causing or contributing to a violation of water quality standard . . . and may not be appropriately covered by the NPDES General Storm Water Permit for Industrial Activities . . . [making it] necessary that Chroma . . . apply for an NPDES individual permit." Chroma's facility is located in McHenry County. The Board extends the appeal period until June 14, 2002, as the parties request. *See* 415 ILCS 5/40(a)(1) (2000); 35 Ill. Adm. Code 105.208(a). If Chroma fails to file an appeal on or before that date, the Board will dismiss this case and close the docket.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, certify that the Board adopted the above order on March 21, 2002, by a vote of 7-0.

Dorothy M. Gunn, Clerk
Illinois Pollution Control Board
