Re: RE: IN THE MATTER OF : WATER QUALITY AMENDMENTS TO 35 ILL.
Adm. Code 302.208(e)-(g), 302.504(a) R02-11 302.575(d), 303.444, 309.141(h);
and Rulemaking-Water PROPOSED 35 ILL. Adm. Code 301.267, 301.313,
301.413, 304.120, and 309.157.

Dear Cathy:

Enclosed please find a revised rule proposed by the Illinois Association of Wastewater Agencies (IAWA). IAWA made these changes well in advance of the second hearing to allow every interested party the opportunity to review the revised rule and provide input at the hearing. As promised at the hearing, this rule has been revised to include all the changes suggested by the Illinois Environmental Protection Agency in the Pre-Filed Testimony of Bob Mosher. IAWA has provided the document to the Agency for review and input.

IAWA also made certain changes suggested by the Board at the first hearing in this matter. These changes include the addition of a definition of "Early Life Stages," which IAWA took from the ORSANCO rule and which was also used by Dr. Robert Sheehan in his work in this matter. IAWA also added the word "water" before temperature throughout the rule, removed the words "Summer" and "Winter" in Sections 302.212(b)(2) and (e) and replaced them with the "Early Life Stage Present period" and "Early Life Stage Absent period," and clarified Section 302.212(c)(3) on the sampling required to evaluate attainment.

Yours very truly,

Sheila H. Deely
