ORDER

The Board having considered the state of the hearing record and finding it deficient on the issue of the performance of emergency core cooling systems will invite the Atomic Energy Commission to submit testimony on the subject and HEREBY ORDERS:

1. That a further public hearing be held at which the issue of the environmental hazards relating to emergency core cooling are fully explored.
2. That such hearing be set at the mutual convenience of all the parties at the instance of the hearing officer.

Dated: July 20, 1971

I, Regina E. Ryan, Clerk of the Pollution Control Board certify that the Board adopted the above order this 20 day of July, 1971.
