

ILLINOIS POLLUTION CONTROL BOARD

May 3, 1971

GREGORY-ANDERSON CO. )  
 )  
 v. ) # 71-92  
 )  
 ENVIRONMENTAL PROTECTION AGENCY )  
 )

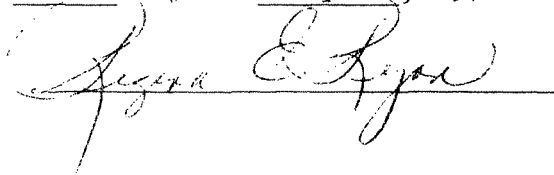

Opinion of the Board (by Mr. Currie):

Gregory-Anderson petitions the Board to set aside the Agency's denial of a permit to conduct a landfill operation in Winnebago County. The petition wholly fails to contain the information required by our rules in order to inform the Board and the Agency as to the reasons for the petition and the issues that will be presented.

Procedural Rule 502 of this Board's rules, a copy of which will be sent to the petitioner, requires the applicant to cite the standards under which a permit is sought; describe the facility for which a permit is sought and any contaminant emissions that may result from its operation, as well as methods proposed for their control; and spell out whatever facts are needed to show that the proposed facility will conform to the regulations. None of these items was included in the present petition.

Accordingly the petition is dismissed without prejudice to the filing of a new petition that conforms with the rules. This opinion constitutes the Board's findings of fact, conclusions of law, and order.

I, Regina E. Ryan, Clerk of the Board, hereby certify that the above Opinion was entered on the 3 day of May, 1971.
