ORDER OF THE BOARD (by R. Flemal):

This matter is before the Board on a joint status report, filed by the parties on August 7, 1995. The parties state that the Illinois Environmental Protection Agency (Agency) is currently reviewing petitioner's proposal and is preparing a draft permit. If the parties agree to the conditions in the draft permit, it will be issued immediately for the required 30-day comment period. The parties therefore request a 60-day stay in the matter to allow the permit to be issued.

The joint status report is accepted and the request for stay is granted. The parties are ordered to file with the Board an additional status report, either jointly or separately, no later than October 23, 1995. Thereafter the hearing officer shall direct the filing of any future status reports.

IT IS SO ORDERED.

Board member J. Theodore Meyer dissented.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above order was adopted on the 24th day of August, 1995 by a vote of 6-1.

Dorothy M. Gunn, Clerk
Illinois Pollution Control Board
