Opinion and Order of the Board (by Mr. Currie):

Western petitioned us to review the Agency's denial of a permit for new sewer connections in the Wheaton Sanitary District. We authorized a hearing. Before the hearing date, however, both parties moved that we dismiss the petition without prejudice on the ground that the effluent problem that gave rise to the permit denial had since been corrected and the permit issued. There remains no controversy between the parties and no request for Board action. The petition is therefore dismissed as moot.

I, Regina E. Ryan, Clerk of the Pollution Control Board, certify that the Board adopted the above Opinion and Order this 16 day of September , 1971.
