CODE PART 218 SUBPART TT )

ORDER OF THE BOARD (by M. McFawn):

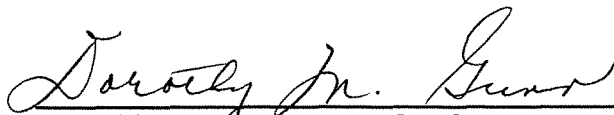

This matter is before the Board on a motion to join amended petition for adjusted standard, filed by the Illinois Environmental Protection Agency (Agency) on March 20, 1995. The Agency seeks to join as a co-petitioner in the amended petition for adjusted standard filed by Outboard Marine Corporation (OMC) on February 14, 1994, with certain amendments to the petition.

In support of its motion, the Agency states that it has been involved in substantive discussions with OMC regarding the regulatory language to be proposed to the Board. The Agency has included with its motion supplemental language that it proposes to include in the joint petition. The Agency states that it was the understanding of the parties that the Agency's motion for co-petitioner status would include the proposed regulatory language. The Agency further states that it anticipates that OMC will provide formal testimony adopting the proposed language at hearing.

The Agency's motion for co-petitioner status is hereby granted, and the petition for adjusted standard is hereby amended to include the agreed-upon proposed regulatory language included with the Agency's motion.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above order was adopted on the 6<sup>th</sup> day of April, 1995, by a vote of 7-0.
