ORDER OF THE BOARD (by E. Dunham):

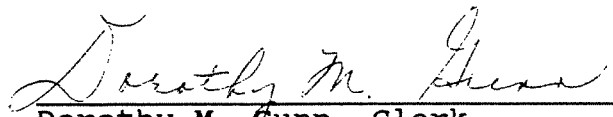

On April 11, 1995, American Waste Processing filed a status report in response to the Board order of February 2, 1995. Petitioner has provided the Board with an open waiver of the decision deadline in this matter.

After the hearings in this matter were concluded, the parties agreed that the petitioner should file a new Part B application. A new Part B permit application has been filed by petitioner and has been accepted for completeness by the Agency. A copy of a draft permit was provided to American Waste Processing on April 3, 1995 for comment. The Agency intends to issue a draft permit on May 1, 1995. The parties request that the Board continue to defer consideration of the record until May 15, 1995.

The Board will continue to defer review of this matter. As this matter was originally filed on March 1, 1991 and has been stayed since September of 1993, the Board anticipates an expeditious completion of negotiations in this matter. The Board directs the parties to file status reports or a joint status report on or before May 19, 1995, unless this case is otherwise resolved or dismissed.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above order was adopted on the 13th day of April, 1995, by a vote of 6-0.

Dorothy M. Gunn, Clerk
Illinois Pollution Control Board
