

ILLINOIS POLLUTION CONTROL BOARD
October 14, 1971

DAISY PRATER)

v.)

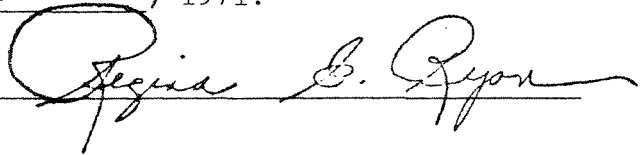

ENVIRONMENTAL PROTECTION AGENCY)

71-281

Opinion and Order of the Board (by Mr. Currie):

The petitioner seeks a variance to permit the connection of one new home to a sewer serving the overloaded Waukegan sewage treatment plant. The sworn allegations, which are not contradicted, show that this is a hardship case involving a federal housing program to assist persons of limited means to obtain decent housing. The petitioner and her family have been ordered to leave their present quarters, and they made arrangements for federal aid before the sewer ban was imposed. The case is governed by our decision in Patricia Development Co. v. EPA, # 71-161, September 16, 1971, and the variance is hereby granted.

I, Regina E. Ryan, Clerk of the Pollution Control Board, certify that the Board adopted the above Opinion and Order of the Board this 14 day of October, 1971.

Regina E. Ryan
