71-310

Preliminary Order:

Rockford asks that its citizens be allowed to burn leaves this Fall despite the open burning regulations, alleging the present lack of landfill space to accommodate leaves. Ordinarily a hearing would be desirable to assure that interested citizens have a full opportunity to be heard. Because the hearing process would last until after the leaf-burning season, we shall hold the case for disposition without hearing on the basis of the Agency's recommendation and upon whatever affidavits the City may present on any contested issues. Interested citizens are invited to present their views in writing.

I, Regina E. Ryan, Clerk of the Pollution Control Board, certify that the Board adopted the above Preliminary Order this 14 day of October, 1971.
