ORDER OF THE BOARD (by R.C. Flemal):

On January 30, 1995, St. Louis Auto Shredding (SLAS) and the Illinois Environmental Protection Agency (Agency) filed a joint status report pursuant to a December 1, 1994 Board order. The parties state that they have reached agreement about the most significant terms of the closure permit. Since that agreement, SLAS has placed a cover on the existing landfill, and tested and documented the integrity of that cover. On December 6, 1995, SLAS submitted an application for Closure Certification to the Agency. SLAS anticipates hearing within 90 days of that filing whether the Agency will grant the Closure Certificate. If the Certificate is granted, SLAS expects to file a motion to dismiss this permit appeal. The Board accepts the parties' status report.

SLAS and the Agency also request a new status date. The Board grants the request for new status date. The Board directs SLAS and the Agency to file status reports, or a joint status report if the parties prefer, to be received by the Board and hearing officer no later than March 31, 1995, in the event that this matter has not already been resolved and dismissed.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above order was adopted on the 2nd day of February, 1995, by a vote of 5-0.

  
Dorothy M. Gunn, Clerk  
Illinois Pollution Control Board
