ORDER OF THE BOARD (by J. Theodore Meyer):

On March 1, 1995 the parties filed a joint status report pursuant to a hearing officer¹ order of February 1, 1995. The parties claim they have worked diligently toward resolution of all outstanding issues in connection with the stormwater runoff at petitioner's Graham Mine, Galena, Illinois. In late January of 1995 respondent issued a revised draft permit which petitioner is currently reviewing. The parties are confident this matter will be resolved within thirty days. Petitioner concurrently filed a waiver of the Board's Decision Deadline until July 30, 1995.

The Board accepts the joint status report and directs the parties to file a new joint status report on or before April 3, 1995. Should a hearing be required in this case, the Board requires 120 days to schedule a hearing, transmit a record to the Board, file briefs and issue an opinion and order. Therefore, if this matter is not resolved by April 3, 1995 and there is no further waiver of the Board's decision deadline, the hearing officer shall schedule hearing in this matter.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above order was adopted on the 9th day of March, 1995, by a vote of 4-0.

Dorothy M. Gunn, Clerk
Illinois Pollution Control Board
