ORDER OF THE BOARD (by E. Dunham):

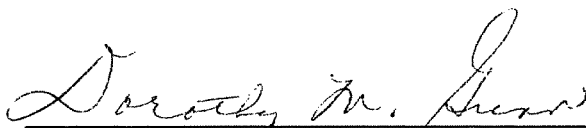

On November 18, 1994, American Waste Processing and the Illinois Environmental Protection Agency (Agency) filed a joint status report in response to the Board order of October 20, 1994. Petitioner has provided the Board with an open waiver of the decision deadline in this matter.

The parties report that the Agency is presently reviewing whether to issue a draft permit. However, due to the Agency workload, if a draft permit is issued, it would not be until at least January of 1995. The parties request that the Board continue to defer consideration of the record until the Agency has completed its review and made a determination on whether to issue a draft permit.

The Board will continue to defer review of this matter. The Board directs the parties to file status reports or a joint status report on or before January 31, 1995.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above order was adopted on the 12th day of December, 1994, by a vote of 7-0.

Illinois Pollution Control Board
