OPINION AND ORDER OF THE BOARD:

This matter comes before the Board upon a three-count complaint filed September 27, 1994, by Roland W. Burris, Attorney General of the State of Illinois, on behalf of the Illinois Environmental Protection Agency, and the People of the State of Illinois, against Work Area Protection Corporation, an Illinois Corporation located at 2500 Production Drive, in the City of St. Charles, Kane County, Illinois. The complaint alleges that Work Area Protection Corporation has violated Sections 9(a), 9(b) and 25b-2 of the Illinois Environmental Protection Act (Act), 415 ILCS 5/9(a), 5/9(b) and 5/25b-2 of the Illinois Environmental Protection Act (Act), for improper operation of a emission source, failure to eliminate smoke and odor as per operating permit conditions and failure to file toxic chemical release reporting forms in a timely manner.

Pursuant to 415 ILCS 5/31(a)(2), the parties filed a joint Motion requesting relief from the Act's hearing requirement on September 27, 1994. The Board published a notice of the waiver on October 19, 1994; no objection to grant of the waiver was received. Waiver of hearing is hereby granted.

The parties filed a Stipulation and Settlement Agreement on September 27, 1994. The Stipulation sets forth facts relating to the nature, operations and circumstances surrounding the claimed violations. Work Area Protection Corporation neither admits nor denies the alleged violations and agrees to pay a civil penalty of sixteen thousand dollars (\$16,000.00).

The Board finds the settlement agreement acceptable under 35 Ill. Adm. Code 103.180. This settlement agreement in no way affects respondent's responsibility to comply with any federal, state or local regulations, including but not limited to the Act and the Board's pollution control regulations.

This opinion constitutes the Board's findings of fact and conclusions of law in this matter.
