

ILLINOIS POLLUTION CONTROL BOARD  
January 11, 1995

IN THE MATTER OF: )  
 )  
PETITION OF CENTRAL CAN ) AS 94-18  
COMPANY FOR ADJUSTED ) (Adjusted Standard)  
FROM 35 ILL. ADM. CODE )  
PART 218 )

ORDER OF THE BOARD (by J. Theodore Meyer):

This matter is before the Board on a petition for adjusted standard, filed on December 5, 1994 by Central Can Company (Central Can). On December 28, 1994, Central Can filed its proof of publication of notice of the petition, pursuant to 35 Ill. Adm. Code 106.711.

The Board finds that the petition does not satisfy all of the informational requirements set forth in 35 Ill. Adm. Code 106.705. The petition is insufficient in the following respects:

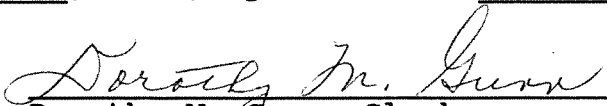

1. Although the petition discusses a number of regulations in 35 Ill. Adm. Code Parts 211 and 218, it is not clear exactly which regulations are the subject of its request for relief. The petition must include the Administrative Code citation to the regulations from which an adjusted standard is sought, and the effective date of those regulations. (Section 106.705(a).)
2. The petition lacks a discussion of the qualitative and quantitative nature of emissions currently generated by the Central Can's facility. (Section 106.705(d).)
3. The proposed language for the adjusted standard must clearly identify the rule(s) of general applicability from which the proposed adjusted standard is to be granted. (Section 106.705(f).)
4. The petition does not sufficiently address the impact of the activity on the environment if Central Can were to comply with the rule of general applicability, as compared to the impact on the environment if Central Can were to comply with the proposed adjusted standard. (Section 106.705(g).)

Central Can shall file, no later than February 25, 1995, an

amended petition addressing these issues. Failure to timely file an amended petition will subject this proceeding to dismissal.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above order was adopted on the 17<sup>th</sup> day of January, 1995, by a vote of 6-0.

  
Dorothy M. Gunn, Clerk  
Illinois Pollution Control Board
