

ILLINOIS POLLUTION CONTROL BOARD
October 6, 1994

IN THE MATTER OF:)
)
UIC UPDATE, USEPA REGULATIONS) R94-24
(January 1 through June 30,) (Identical in Substance Rules)
1994))

Proposed rule. Dismissal order.

ORDER OF THE BOARD (by R.C. Flemal):

Pursuant to Sections 7.2, 13(c), and 22.4(a) of the Environmental Protection Act (Act), the Board would normally propose amendments to the Underground Injection Control (UIC) regulations semi-annually. Accordingly, the Board reserved this docket for U.S. EPA amendments during the period from January 1 through June 30, 1991. During this period, U.S. EPA amended its UIC rules one time during this period, as follows:

59 Fed. Reg. 29958, June 10, 1994

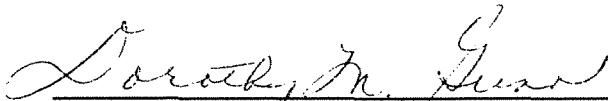

This was an amendment of references to the prescribed form for a letter of credit used for RCRA Subtitle C, underground injection, and underground storage tanks to indicate copyright.

Since the single amendment to the UIC rules required in this proceeding was so closely related to a parallel amendment in the RCRA Subtitle C hazardous waste regulations, and since it was faster and more convenient to do so, the Board included the amendment in the RCRA Subtitle C update docket for this period. That docket is R94-17, which the Board presently intends to adopt later this month.

For the foregoing reason, the Board hereby dismisses this proceeding.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, do hereby certify that the above Order was adopted on the 6th day of October, 1994, by a vote of 6-0.

Dorothy M. Gunn, Clerk
Illinois Pollution Control Board
