ORDER OF THE BOARD (by C.A. Manning):

On November 8, 1991, General Motors Corporation, Powertrain Division ("GM"), filed a permit appeal challenging the Illinois Environmental Protection Agency's final determination issuing GM an NPDES permit on October 9, 1991. The petition was accepted for hearing on November 21, 1991, and the assigned hearing officer set this matter for hearing on September 24, 1992 and, subsequently, on July 8, 1993; both hearing dates were cancelled, and as of the date of this order, no hearing has yet been held. On June 22, 1993, the parties filed a Joint Motion for Continuance of Hearing for a period of six months so they may pursue negotiation.

The parties are hereby directed to file a status report with the Clerk of the Board and the assigned hearing officer in this case on or before February 24, 1994. The parties should indicate the status of any on-going negotiations, whether the parties anticipate reaching settlement in this matter and if possible, a projected timeline for completion of settlement. If the parties expect that a hearing will be necessary, they should also include this information. Should a hearing become necessary, the hearing officer will contact the parties to set a hearing schedule.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above order was adopted on the 3rd day of February, 1994, by a vote of 7-0.

Dorothy M. Gunn, Clerk
Illinois Pollution Control Board
