

Provisional variances are by their very nature temporary. The responsibilities of the Agency and the Board in these short-term provisional variances are different from the responsibilities in standard variances. (See 415 ILCS 5/35 (b) & 36(c)). In provisional variances it is the responsibility of the Agency to make the technical determinations and finding of arbitrary or unreasonable hardship. The Board's responsibility is to adopt a formal order, to assure the formal maintenance of the record, to assure the enforceability of the variance, and to provide notification of the action by a press release.

Having received the Agency recommendation finding that a denial of the requested relief would impose an arbitrary or unreasonable hardship, the Board hereby grants the petitioner a provisional variance from 35 Ill. Adm. Code 304.120(c) and 304.141(a), on the following conditions:

1. The term of this provisional variance shall commence October 20, 1994, and shall continue for no longer than forty-five days;
2. The petitioner shall operate its plant during the term of this provisional variance in a manner that assures the best effluent practicable;

The petitioner shall execute a copy of a Certificate of Acceptance of this provisional variance and forward that copy to the Agency addressed;
