

ILLINOIS POLLUTION CONTROL BOARD
September 15, 1994

IN THE MATTER OF:)
)
PETITION OF REYNOLDS) AS 91-8
METAL COMPANY FOR ADJUSTED) (Adjusted Standard)
STANDARD FROM 35 ILL. ADM.)
CODE 218.980)

ORDER OF THE BOARD (by C. A. Manning):

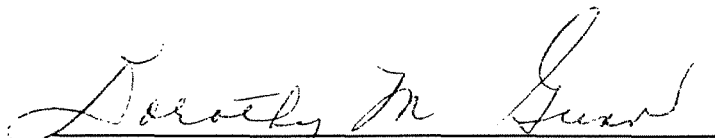

This matter is before the Board pursuant to a status report filed by Reynolds Metal Company (Reynolds) on September 8, 1994. On March 31, 1994, we extended the stay in this case until Thursday, September 15, 1994 while Reynolds awaits U.S. EPA's final promulgation of a site specific control requirement for Reynold's aluminum rolling operations. We asked petitioner to file an updated status report addressing the U.S.EPA's progress either on or before Thursday, September 8, 1994, or file the appropriate motion if the U.S. EPA finalizes the rule.

Petitioner's last status report stated that U.S.EPA personnel informed Reynolds that U.S.EPA Region V intended to forward the proposed rule to U.S.EPA Headquarters in May or June of 1994 for finalization. The projected publication date for the final rule would have then been at the end of this summer. The September 15 status report states that U.S.EPA informed Reynolds that it now intends to publish the final rule around October 31, 1994. As such, Reynolds is requesting an extension of the stay beyond September 15, 1994.

Reynolds' motion is hereby granted. The stay in this matter shall be extended until December 1, 1994. Reynolds is directed to file a status report on or before Thursday, November 17, 1994 indicating the status of the federal rule. If, however, the rule is finally promulgated before November 17, 1994, Reynolds is requested to file the appropriate motion.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above order was adopted on the 15th day of September, 1994, by a vote of 6-0.

Dorothy M. Gunn, Clerk
Illinois Pollution Control Board
