ORDER OF THE BOARD (by E. Dunham):

On July 11, 1994, Safety-Kleen Corp. (Safety-Kleen) filed a status report pursuant to the Board's order. The status report states that Safety-Kleen and the Illinois Environmental Protection Agency (Agency) have met to discuss issues related to this appeal. As a result of this meeting, Safety-Kleen has agreed to submit proposals for resolution to the Agency. An additional meeting is scheduled between the parties in July. Safety-Kleen expects that a resolution will be reached on this appeal expeditiously.

The Board is supportive of the parties' attempts to negotiate a resolution to this matter. However, the Board will not indefinitely delay substantive action on this case. We will, however, continue the matter for an additional 45 days, in an effort to allow completion of the negotiations. The Board directs Safety-Kleen and the Agency to file status reports (or a joint status report, if the parties prefer) no later than September 2, 1994.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above order was adopted on the 21<sup>st</sup> day of July, 1994, by a vote of 6-0.

  
Dorothy M. Gunn, Clerk  
Illinois Pollution Control Board
