ORDER OF THE BOARD (by R.C. Flemal):

This matter comes before the Board on an October 15, 1993 joint stipulation and motion to voluntarily dismiss filed by Illinois American Water Company and the Illinois Environmental Protection Agency. This proceeding is a petition for adjusted standard under Section 28.3 of the Environmental Protection Act (415 ILCS 5/28.3), involving the direct discharge of waste solids to the Mississippi or Ohio Rivers from clarifier sludge and filter backwash generated in the water purification process. The joint movants ask the Board to dismiss this proceeding without hearing or an adjudication of the issues, based on an agreement between the parties. The document contains certain agreements as to course of conduct between the parties in any future adjusted standard proceeding.

The Board makes no finding regarding these agreements, allowing the parties to implement between themselves the legal conditions stated in the agreement. The motion to dismiss is granted and this matter is hereby dismissed.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above order was adopted on the 21st day of October, 1993, by a vote of 7-0.
