) (Provisional Variance)
 ILLINOIS ENVIRONMENTAL)
 PROTECTION AGENCY,)
)
 Respondent.)

ORDER OF THE BOARD (by C. A. Manning):

Pursuant to Section 35(b) of the Environmental Protection Act (Act) (415 ILCS 5/35(b)), Emro Marketing Company has requested that the Illinois Environmental Protection Agency (Agency) recommend that the Board grant a provisional variance to allow several of Emro Marketing Company's gasoline dispensing operations (service stations) to continue operating even though they will not have installed operational vapor recovery equipment by November 1, 1993. Such request for a provisional variance and the Notification of Recommendation was filed with the Board by the Agency on Tuesday, October 26, 1993. Pursuant to Section 35(b) of the Act, the Board must issue the variance within two (2) days of this filing.

Specifically, the Agency recommends that we grant Emro Marketing Company a forty-five (45)-day provisional variance for thirty-three (33) of its facilities located in Cook, DuPage, Kane, Lake, and Will Counties in the Chicago metropolitan statistical area from the Stage II vapor recovery requirements, as set forth in 35 Ill. Adm. Code 218.586, for the period beginning November 1, 1993, and continuing for forty-five (45) days or until the required vapor recovery equipment is installed, whichever comes first. The Agency's recommendation states that thirty-four (34) Emro Marketing Company facilities are involved, but Board review of the company's request revealed only thirty-three (33) facilities.

The Agency's provisional variance recommendation states that Emro Marketing Company has requested a provisional variance on behalf of numerous of its service stations in the Chicago area, located as follows:

<u>County</u>	<u>Number of Stations</u>
Cook	13
DuPage	5
Kane	2
Lake	2
Will	11

The addresses of those stations are listed as follows:

<u>County</u>	<u>City or Village</u>	<u>Street Address</u>
Cook	Alsip	127th & Pulaski
Cook	Chicago Heights	535 Ashland Avenue
Cook	Countryside	5555 Brainerd
Cook	Evergreen Park	3040 West 95th Street
Cook	Homewood	18002 Halsted Street
Cook	Olympia Fields	3602 West 211th Street
Cook	Olympia Fields	19880 Crawford
Cook	Palatine	402 East Dundee
Cook	Palatine	20235 North Rand Road
Cook	Palos Hills	10300 South Roberts Road
Cook	Rolling Meadows	8005 Kirchoff Road
Cook	Schaumburg	421 West Wise
Cook	Schaumburg	800 West Golf Road
DuPage	Bloomingtondale	436 West Army Trail Road
DuPage	Glen Ellyn	825 North Main
DuPage	Hinsdale	9059 Route 83
DuPage	Lisle	6490 College Drive
DuPage	Naperville	631 North Route 59
Kane	Elgin	1570 Big Timber
Kane	West Dundee	115 North 8th Street
Lake	Gurnee	3688 West Grand
Lake	North Chicago	2850 Skokie Highway
Will	Bolingbrook	352 State Route 53
Will	Bolingbrook	499 West Broughton
Will	Channahon	2812 Eames Street
Will	Crete	1120 Dixie Highway
Will	Frankfort	7218 West Lincoln Highway
Will	Joliet	310 Manhattan Road
Will	Joliet	2812 Eames Street
Will	Lockport	314 South State Street
Will	New Lenox	301 West Maple Street
Will	New Lenox	800 West Maple
Will	Shorewood	800 Brook Forest Avenue

Upon receipt of the request, the Agency issued its recommendation, notifying the Board that the failure to grant the requested forty-five (45)-day provisional variance would impose an arbitrary or unreasonable hardship on Petitioner. The Agency recommendation states that the California Air Review Board (CARB) has approved vapor recovery systems for Gilbarco dispensers, but the manufacturer cannot keep up with the demand for the product. The recommendation also states that CARB approval is pending for vapor recovery systems for Tokheim dispensers, and that expenditures for approved balance-type recovery systems for Tokheim dispensers would be wasted since Emro Marketing Company intends to install the vacuum assist systems when they are approved. Finally, the recommendation states that Emro Marketing Company does not have sufficient personnel trained to operate

more sophisticated vapor recovery systems that are CARB approved and available. The recommendation concludes that Emro Marketing Company will not meet the November 1, 1993 deadline for compliance.

Provisional variances are by their very nature temporary. The responsibilities of the Agency and the Board in these short-term provisional variances are different from the responsibilities in standard variances. (See 415 ILCS 5/35(b) & (c)). In provisional variances it is the responsibility of the Agency to make the technical determinations and finding of arbitrary or unreasonable hardship. The Board's responsibility is to adopt a formal Order, to assure the formal maintenance of the record, to assure the enforceability of the variance, and to provide notification of the action by a press release.

Having received the Agency recommendation notifying the Board that a denial of the requested relief would impose an arbitrary or unreasonable hardship, the Board hereby grants Petitioner a provisional variance from 35 Ill. Adm. Code 218.586, subject to the following conditions:

1. The term of this provisional variance shall commence on November 1, 1993, and it shall expire on the date the Petitioner completes the required installation of vacuum assist Stage II vapor recovery equipment, or after forty-five (45) days have elapsed, whichever comes first;
2. The Petitioner shall notify the Agency of the installation of the vapor recovery equipment, by sending notification addressed as follows:

Mr. Terry Sweitzer, P.E.
 Manager, Air Monitoring Section
 Illinois Environmental Protection Agency
 Division of Air Pollution Control
 P.O. Box 19276
 Springfield, Illinois 62794-9276

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, do hereby certify that the above order was adopted on the 27th day of October, 1993, by a vote of 5-0.

 Dorothy M. Gunn, Clerk
 Illinois Pollution Control Board
