Respondent.	)	

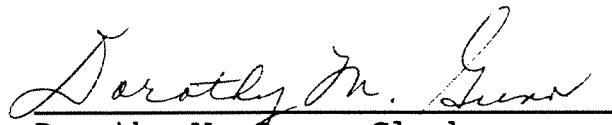

ORDER OF THE BOARD (by C. A. Manning):

On July 12, 1993, the parties filed a joint status report in accordance with the Board's order of April 8, 1993. The report stated that the parties have reached an understanding on all issues presented in the operating permit appeal with the exception of one item concerning testing of certain hazardous waste. The report stated that on June 22, 1993, the Illinois Environmental Protection Agency (Agency) issued a draft Part B permit which addresses all of the issues raised in this appeal and once the final Part B permit is issued for the Pekin facility, the parties believe that the issue raised in the appeal will have been resolved.

On October 22, 1993, Safety-Kleen Corp. filed a motion to voluntarily dismiss this matter. Safety-Kleen Corp. states that the Agency has issued a final Part B permit for its facility and that all issues raised in this matter have been addressed. The motion is granted and this matter is dismissed.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above order was adopted on the 4<sup>th</sup> day of November, 1993, by a vote of 6-0.

  
Dorothy M. Gunn, Clerk  
Illinois Pollution Control Board
