v.)	PCB 91-206
)	(Permit Appeal)
ILLINOIS ENVIRONMENTAL)	
PROTECTION AGENCY,)	
)	
Respondent.)	

ORDER OF THE BOARD (by J. Theodore Meyer):

This matter is before the Board on petitioner Clayton Chemical's status report, received on November 3, 1993. Clayton Chemical states that it has submitted a new Part B application to the Illinois Environmental Protection Agency (Agency) on or about October 5, 1993, and that Clayton Chemical is in consultation with the Agency on whether the new application may settle the disputes between the parties.¹

The Board accepts Clayton Chemical's status report. Clayton Chemical is directed to file an updated status report no later than February 4, 1994.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above order was adopted on the 4th day of November, 1993, by a vote of 6-0.

Dorothy M. Gunn, Clerk
Illinois Pollution Control Board

¹ The Board notes that on October 7, 1993, we issued an order stating that we had not received a status report from Clayton Chemical on September 1, 1993, as previously ordered. In the instant status report, Clayton Chemical contends that it did file a September 1 status report, and attaches a copy of that report. The Board has searched its files and its docket sheets and finds no indication that we received that September 1 report.
