OPINION AND ORDER OF THE BOARD:

This matter comes before the Board upon a two-count complaint filed May 10, 1993, by Roland W. Burris, Attorney General of the State of Illinois, on behalf of the Illinois Environmental Protection Agency and the People of the State of Illinois, against South Holland Metal Finishing Company Inc. (South Holland), an Illinois Corporation located at 143 West 154th Street, in the City of South Holland, Cook County, Illinois. The complaint alleges that South Holland has violated Sections 9(a) and 9(b) of the Illinois Environmental Protection Act (Act), 415 ILCS 5/9(a), 5/9(b) and 35 Ill. Adm. Code §§ 201.142 and 201.143 for operating and constructing emission sources without the proper permits.

Pursuant to 415 ILCS 5/31(a)(2), the parties filed a joint Motion requesting relief from the Act's hearing requirement on June 24, 1994. The Board published a Notice of the waiver on June 30, 1994; no objection to grant of the waiver was received. Waiver of hearing is hereby granted.

The parties filed a Stipulation and Settlement Agreement on June 24, 1994. The Stipulation sets forth facts relating to the nature, operations and circumstances surrounding the claimed violations. South Holland admits violating Sections 9(a) and 9(b) of the Illinois Environmental Protection Act (Act), 415 ILCS 5/9(a), 5/9(b) and 35 Ill. Adm. Code §§ 201.142 and 201.143 insofar as they pertain to the natural gas-fired boilers and agrees to pay a civil penalty of three thousand dollars (\$3,000.00). South Holland denies all violations relating to the zinc phosphate and chloride zinc plating lines.

The Board finds the settlement agreement acceptable under 35 Ill. Adm. Code 103.180. This settlement agreement in no way

affects respondent's responsibility to comply with any federal, state or local regulations, including but not limited to the Act and the Board's pollution control regulations.

This opinion constitutes the Board's findings of fact and conclusions of law in this matter.

ORDER
