IN THE MATTER OF:)

GROUNDWATER PROTECTION: AMENDMENTS)
TO GROUNDWATER QUALITY STANDARDS)
35 ILL. ADM. CODE 620)

R93-27
(Rulemaking)

ORDER OF THE BOARD (by R.C. Flemal):

On October 18, 1993 the Illinois Environmental Protection Agency (Agency) filed a rulemaking petition in which it proposes that the Board amend the Groundwater Quality Standards at 35 Ill. Adm. Code 620 to incorporate those constituents that were promulgated by the United States Environmental Protection Agency as National Primary Drinking Water Standards (40 C.F.R. §§ 141.121 through 141.30) and are found as contaminants in Illinois drinking water. In addition, the Agency has proposed amendments to address typographical errors found in the current rule text.

After a review of the proposal, the Board finds that the proposal substantially meets the requirements of the Environmental Protection Act (415 ILCS 5/1 et seq.) and the Board's procedural rules. The proposal is accepted for hearing. The Board directs the hearing officer to set hearings consistent with current requirements. The hearing officer is authorized and directed to require the Agency to provide any additional information which may be necessary.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above order was adopted on the 4th day of November, 1993, by a vote of 6-0.

Dorothy M. Gunn, Clerk
Illinois Pollution Control Board
