Proposed Rule. Second Notice.

OPINION AND ORDER OF THE BOARD (by G. T. Girard):

On September 14, 1993, the Illinois Environmental Protection Agency (Agency) filed this proposal for rulemaking. The proposal is intended to address permit appeals under the Clean Air Act and procedures for review of emissions limitations for a proposed case-by-case MACT determination pursuant to Section 112 of the Clean Air Act. The proposal represents one part of Illinois' submittal of a complete state implementation plan (SIP). Pursuant to Section 502(d) of the Clean Air Act, as amended in 1990, Illinois is to adopt and submit its permit program by November 15, 1993.

This proposal was filed pursuant to Section 28.5 of the Act and was accepted for hearing by the Board on September 23, 1993. (P.A. 87-1213, effective September 26, 1992; 415 ILCS 5/28.5.) Pursuant to the provisions of that section the Board is required to proceed within set time-frames toward the adoption of this regulation. The Board has no discretion to adjust these time-frames under any circumstances. Therefore, the Board also sent the proposal to first notice under the Illinois Administrative Procedure Act without commenting on the merits of the proposal on September 23, 1993.

Hearings on this proposal were held on November 8, 1993 and December 8, 1993. The comment period for this rulemaking closed on December 27, 1993. The Board received 5 comments during that period which are discussed in detail below.

AGENCY PROPOSAL

The Agency states that it has identified certain inconsistencies between the Board's permit appeals regulations in Part 105 and requirements for a the Clean Air Act permit. In addition, under the Clean Air Act permit program (CAAPP), the Agency is required to determine, on a case-by-case basis, the maximum achievable control technology (MACT) for a source. Therefore, the Agency proposed an amendment to Part 106 of the Board's rules.

In Part 105, the Agency has included provisions which will allow any person who participated in the public comment process or the hearing before the Agency on a permit to appeal the Agency's determination on the permit. Also, under the CAAPP there is no default issuance of a CAAPP permit. An appeal of the Agency's action on a permit may be sought more than 35 days after the Agency's action if the appeal is based solely on grounds arising after the 35 days has expired.

The Agency has proposed amendments to Part 106 to address the procedures for Board hearings conducted pursuant to Section 39.5(15)(b) and (16) of the Act regarding the revocation and reopening of a CAAPP permit. Section 39.5(16)(a) sets forth the circumstances under which the Agency may determine to revoke or reissue a CAAPP permit. Prior to revoking or reissuing a permit the Agency must file a petition with the Board and serve a petition upon the respondent that states the grounds for revocation. The Board is required to conduct a hearing pursuant to 35 Ill. Adm. Code 103. The Agency has also proposed amendments to Part 106 to specify Board procedures when an owner or operator of a source files a petition to review an emission limitation for a proposed case-by-case MACT determination.

In support of the proposal the Agency presented the testimony of Mr. Christopher Romaine and Mr. Donald Sutton at the November 8, 1993 hearing. Mr. Romaine testified that the federal permit program will be a primary mechanism to apply the various air pollution control requirements established pursuant to the Clean Air Act to significant stationary source. (Exh. 1 at 2.) The permits will identify all relevant requirements that apply to the various emission units at a source as well as establishing detailed provisions for testing, monitoring, recordkeeping and reporting. (Exh. 1 at 2.) The permits will be based on detailed applications describing activities and equipment, the current operations, and the range of operations at a source. (Exh. 1 at 3.) Mr. Romaine also stated that a permit cannot be issued if USEPA finds the permit objectionable. (Exh. 1 at 3.)

Mr. Romaine also testified that under the CAAPP, an applicant that "submits a timely and complete application for a CAAPP permit is 'shielded' from enforcement for operation without a CAAPP permit until the Agency takes final action on the submitted application, i.e., issues or denies a permit." (Exh. 1 at 5.) Mr. Romaine stated that the "application shield is not automatically extended if a permit denial is appealed. Rather, an applicant can request a stay of the Agency's final action to deny a CAAPP permit from the Board in its permit appeal petition." (Exh. 1 at 5.) The Agency included in its proposal a provision requiring an applicant to specifically seek a stay of the effectiveness of the Agency's action when appealing a permit decision.

Mr. Romaine was asked at hearing if the Agency would agree to delete this subsection. Mr. Romaine indicated that the Agency would so agree. (Tr. 11/8/93 at 14.) The Agency, in response to a question from the hearing officer indicated that removal of the section was acceptable because the Agency believes the legislation speaks for itself and a stay is necessary during the Board review. (Tr. 11/8/93 at 33-34.)

DISCUSSION

Application shield.

The participants are in agreement with the Agency's proposal except on the issue involving the shield from enforcement and whether such a shield is in place, automatically, when a permit decision is appealed to the Board until the Board renders a decision. The testimony at the December 8, 1993, hearing by Ms. Beth Steinhour on behalf of the Illinois Environmental Regulatory Group (IERG) addressed this issue solely. Further the comments filed by IERG (P.C. 6) and the American Automobile Manufacturers Association (P.C. 5) discussed exclusively this issue. However, with the Agency's agreement to delete Section 105.102(c)(7), all the commentators, including the Agency, have asked that the Board remain silent on this issue.

Ms. Steinhour testified on behalf of IERG and specifically asked that the Board delete Section 105.102(c)(7). Ms. Steinhour indicated that while the Agency does not object to the deletion, IERG and the Agency do not concur on the reason for dropping the provision. (Tr. 12/8/94 at 5-6.) Ms. Steinhour testified that the Agency and IERG agree that once the Agency has issued or renewed a CAAPP permit the source is shielded from an enforcement action. (Tr. 12/8/93 at 6.) Thus, the issue of an enforcement shield arises only in the case of a CAAPP permit denial. (Tr. 12/8/93 at 6-7.) Ms. Steinhour further stated:

IERG believes that both the application shield and the existing permit, in the case of a renewal, continue in full force and effect until such time as either the time for appeal has passed or the Board issues a final decision in case of an appeal. Furthermore, it is my understanding that the Illinois Administrative Procedure Act, the Illinois Environmental Protection Act, and cases construing the same, support IERG's position that the permitting process involving the Agency and the Board is an administrative continuum, which becomes complete only after the Board rules. (Tr. 12/8/93 at 8.)

Ms. Steinhour goes on to testify that IERG does not believe "it is either necessary, prudent or productive for the Board to address or decide this issue at this time." (Tr.12/8/93 at 8.)

Ms. Steinhour urges that the "appropriate time to adjudicate this issue is if and when a CAAPP permit is denied by the Agency and if and when an enforcement action is brought against the source." (Tr. 12/8/93 at 11.)

IERG in its final comment states that it will not reiterate Ms. Steinhour's testimony. (P.C. 6 at 2.) IERG does state that it "urges the Board to delete proposed Section 105.102(c)(7) and to remain silent on the issue of the application shield, except to note that if a controversy exists, it will be resolved at a future appropriate time in an appropriate forum." (P.C. 6 at 2.)

The American Automobile Manufacturers Association (Association) submitted a comment on this issue. (P.C. 5.) The Association agrees with IERG position that an enforcement shield is in place until the Board reaches its decision. (P.C. 5 at 5.) The Association cites to Section 10-65(b) of the Illinois Administrative Procedure Act as well as case law in support of its position.¹ The Association further argues that the Agency has misinterpreted federal regulations regarding the enforcement shield in that the federal regulations reference to "final agency action" include full administrative review. According to the Association, full administrative review, in Illinois, includes Board review of Agency decisions. (P. C. 5 at 9.) The Association ends its comment by asking that "should the Board decide not to remain silent" the Board adopt a rule or issue a finding that the effectiveness of an Agency denial is automatically stayed pending Board review. (P.C. 5 at 12.)

The Agency in its final comment points out that Section 39.5(5)(h) of the Act provides that an applicant is "shielded" from an enforcement action for failing to have a CAAPP permit until the Agency takes final action. (P.C. 4 at 3.) However, the Agency maintains that the shield does not extend into the permit appeal process. (P.C. 4 at 4.) The Agency argues that the Agency's position is consistent with federal requirements. (P.C. 4 at 4.) The Agency also agrees that the "appropriate time to decide this issue is when a CAAPP permit is denied by the Agency and the source appeals the denial." (P.C. 4 at 5.)

The Board in reviewing the extensive comments on this issue is convinced that the issue of an "application shield" and its effectiveness is significant. The Board is also convinced however that this is not the appropriate forum in which to decide the issue. Although, the issue may be raised in the future, at this point the parties are in agreement that the controversial

¹ The Association cites to Borg-Warner Corporation v. Mauzy, 100 Ill. App. 3d 862, 426 N.E.2d 415 (3rd Dist. 1981) and Wells Manufacturing Company v. IEPA, 195 Ill. App. 5931, 552 N.E.2d 1074 (1st Dist. 1990).

section should be deleted. By deleting Section 105.102(c)(7), the issue of the "application shield" is not ripe for decision in this rulemaking. Therefore, the Board will not comment on the reasoning put forth by the participants for removing Section 105.102(c)(7) at this time. The Board will simply delete the subsection from the proposal.

Other issues.

The Agency, in response to questions from the Board, agreed to amend Section 106.916. The Board had asked the Agency about possible timing problems with filings if Section 106.916 were adopted as the Agency proposed. The Agency agreed with the Board's interpretation and suggested amending Section 106.916 to make clear that the Agency will serve the Board with any objections filed by USEPA as well as giving additional time to act if the USEPA does not object. (P.C. 4 at 1-2.) The Board notes that no objections were raised to the Agency's amended language and the amended language alleviates the concerns originally raised by the Board. Therefore, Section 106.916 will be amended to read:

- a) If USEPA does not object to the proposed determination within 90 days of receipt, THE BOARD SHALL, WITHIN 7 DAYS OF RECEIPT OF USEPA'S FINAL APPROVAL or within 721 days after expiration of the 90-day period, whichever is earlier, ENTER THE INTERIM ORDER AS A FINAL ORDER. THE FINAL ORDER MAY BE APPEALED AS PROVIDED BY TITLE XI OF the ACT. THE AGENCY SHALL TAKE FINAL ACTION IN ACCORDANCE WITH THE BOARD'S FINAL ORDER. (Section 39.5(16)(c)(i) of the Act as amended by P.A. 88-464, effective August 20, 1993.)

- b) 1) If USEPA objects to the proposed determination within 90 days of receipt, THE AGENCY SHALL SUBMIT USEPA'S OBJECTION AND THE AGENCY'S COMMENTS AND RECOMMENDATION ON THE OBJECTION TO THE BOARD AND and permittee upon receipt of the objection. Within 15 days of receipt of USEPA's objection, the Agency shall submit THE AGENCY'S COMMENTS AND RECOMMENDATION ON THE OBJECTION TO THE BOARD AND PERMITTEE. (Section 39.5(16)(c)(ii) of the Act as amended by P.A. 88-464, effective August 20, 1993.)

The Board also received a comment from the City of Chicago (P.C. 3) which generally supports the proposal. The Board has made the changes requested by the Secretary of State's Administrative Code Unit (P.C. 2) in this proposal.

CONCLUSION

The Board finds that the Agency's proposal is supported by the record and therefore, with the changes discussed above, the Board sends this proposal to second notice.

ORDER

Section 105.102 Permit Appeals

- a) Permit Appeals Other than NPDES (National Pollutant Discharge Elimination System) and CAAPP (Clean Air Act Permit Program) Permit Appeals:

- 1) If the Agency denies the permit, it shall advise the permit applicant in writing in accordance with

the requirements of Section 39(a) of the Environmental Protection Act (Act).

- 2) In the case of a denial of a permit or issuance by the Agency of a permit with one or more conditions or limitations to which an applicant objects, an applicant who seeks to appeal the Agency decision shall file a petition for a hearing before the Board within 35 days of the date of mailing of the Agency's final decision. The petition shall include:
 - A) Citation of the particular standards under which a permit is sought;
 - B) A complete and precise description of the facility, equipment, vehicle, vessel, or aircraft for which a permit is sought, including its location;
 - C) A complete description of contaminant emissions and of proposed methods for their control; and
 - D) Such other materials as may be necessary to demonstrate that the activity for which the permit is sought will not cause a violation of the Act or the regulations.
 - 3) The method of filing service shall be in accordance with Sections 103.122 and 103.123.
 - 4) The Agency shall appear as respondent in the hearing and shall, within 14 days, upon notice of the petition, file with the Board the entire Agency record of the permit application, including:
 - A) The application;
 - B) Correspondence with the applicant, and
 - C) The denial.
 - 5) The Clerk shall give notice of the petition and hearing in accordance with Part 103.
 - 6) The proceedings shall be in accordance with the rules set forth in Part 103.
- b) NPDES Permit Appeals:

- 1) If the Agency denies an NPDES Permit, it shall advise the permit applicant in writing in accordance with the requirements of Section 39(a) of the Act.
- 2) In the case of the denial of an NPDES Permit or the issuance by the Agency of an NPDES Permit with one or more conditions or limitations to which the applicant objects, the applicant may contest the decision of the Agency by filing with the Clerk of the Board a petition for review of the Agency's action in accordance with this Section.
- 3) Any person other than the applicant who has been a party to or participant at an Agency hearing with respect to the issuance or denial of an NPDES Permit by the Agency, or any person who requested such a hearing in accordance with applicable rules, may contest the final decision of the Agency by filing with the Clerk a petition for review of the Agency's action.
- 4) The petition shall be filed and notice issued within 30 days from the date the Agency's final decision has been mailed to the applicant and all other persons who have right of appeal. The method of filing and service shall be in accordance with Sections 103.122 and 103.123.
- 5) The Agency shall appear as respondent and shall file an answer consisting of the hearing file of any hearing which may have been held before the Agency, including any exhibits, and the following documents: NPDES Permit application, NPDES Permit denial or issuance letter, and all correspondence with the applicant concerning the application
- 6) All parties other than the petitioner who were parties to or participants at any Agency hearing shall be made respondents.
- 7) The petition shall contain a statement of the decision or part thereof to be reviewed. The Board upon motion of any respondent shall, or upon its own motion may, require of the petitioner a specification of the errors upon which the petitioner relies in his petition.
- 8) The hearings before the Board shall extend to all questions of law and fact presented by the entire record. The Agency's findings and conclusions on questions of fact shall be prima facie true and

correct. If the Agency's conclusions of fact are disputed by the party or if issues of fact are raised in the review proceeding, the Board may make its own determination of fact based on the record. If any party desires to introduce evidence before the Board with respect to any disputed issue of fact, the Board shall conduct a de novo hearing and receive evidence with respect to such issue of fact.

- 9) This proceeding shall be in accordance with Part 103.
- 10) The order of the Board entered pursuant to hearing may affirm or reverse the decision of the Agency, in whole or in part, may remand the proceeding to the Agency for the taking of further evidence, or may direct the issuance of the permit in such form as it deems just, based upon the law and the evidence.

c) CAAPP Permit Appeals:

- 1) The definitions of 35 Ill. Adm. Code 101.101 and Section 39.5 of the Environmental Protection Act (P.A. 87-1213, effective September 26, 1992) [415 ILCS 5/39.5] ("Act") shall apply to this subsection.
- 2) If the Agency denies a CAAPP permit, permit modification or permit renewal, it shall provide to USEPA, the permit applicant and, upon request, affected States, any person who participated in the public comment process and any other person who could obtain judicial review under Sections 40.2 and 41 of the Act a copy of each notification of denial pertaining to the permit applicant.
- 3) In the case of a denial of a CAAPP permit, including a permit revision or permit renewal, or a determination of incompleteness by the Agency regarding a submitted CAAPP application, or the issuance by the Agency of a CAAPP permit with one or more conditions or limitations, or the failure of the Agency to act on an application for a CAAPP permit, permit renewal, administrative permit amendment or significant permit modification within the time frames specified in Section 39.5(5)(j) or Section 39.5(13) of the Act, as applicable, or the failure of the Agency to take final action within 90 days of receipt of an application requesting minor permit modification

procedures (or 180 days for modifications subject to group processing requirements) pursuant to Section 39.5(14) of the Act, to which the applicant, any person who participated in the public comment process pursuant to Section 39.5(8) of the Act, or any other person who could obtain judicial review pursuant to Section 41(a) of the Act objects, such persons may contest the decision of the Agency by filing with the Clerk of the Board a petition for review of the Agency's action in accordance with this Section.

- 4) For purposes of this subsection, a person who participated in the public comment process is someone who, during the public comment period, either commented on the draft permit, submitted written comments, or requested notice of the final action on a specific permit application.
- 5) The petition filed pursuant to subsection (c)(3) above shall be filed within 35 days of the Agency's final permit action. Notwithstanding the above, if the petition is based solely on grounds arising after the 35-day period expires, the petition may be filed within 35 days after the new grounds for review arise. If the applicant is challenging the Agency's failure to timely take final action pursuant to Section 39.5 of the Act, the petition shall be filed before the Agency takes such final action. Under no circumstances, however, may a petition challenging the final permit action on a Phase II acid rain permit be filed more than 90 days subsequent to such final permit action.
- 6) The petition shall include:
 - A) A concise description of the CAAPP source for which the permit is sought;
 - B) A statement of the Agency's decision or part thereof to be reviewed;
 - C) A justification as to why the Agency's decision or part thereof was in error; and
 - D) Such other materials upon which the petitioner relies in its petition.
- ~~7) The petition may include a request to stay the effectiveness of a denial of the CAAPP permit~~

~~until final action is taken by the Board pursuant to Section 40.2 of the Act.~~

~~87)~~ The Agency shall appear as respondent at the hearing and shall file, within 30 days after service of the petition, an answer consisting of the entire Agency record of the CAAPP application including the CAAPP permit application, the hearing record, the CAAPP permit denial or issuance letter, and correspondence with the applicant concerning the CAAPP permit application.

~~98)~~ The Clerk shall give notice of the petition and hearing in accordance with Part 103.

~~109)~~ The proceeding shall be conducted in accordance with Part 103.

~~110)~~ THE AGENCY SHALL NOTIFY USEPA, IN WRITING, OF ANY PETITION BROUGHT UNDER THIS SUBSECTION INVOLVING A PROVISION OR DENIAL OF A PHASE II ACID RAIN PERMIT WITHIN 30 DAYS OF THE FILING OF THE PETITION. USEPA MAY INTERVENE AS A MATTER OF RIGHT IN ANY SUCH HEARING. THE AGENCY SHALL NOTIFY USEPA, IN WRITING, OF ANY DETERMINATION OR ORDER IN A HEARING BROUGHT UNDER THIS SUBSECTION THAT INTERPRETS, VOIDS, OR OTHERWISE RELATES TO ANY PORTION OF A PHASE II ACID RAIN PERMIT. (Section 40.2(e) of the Act as amended by P.A. 88-464, effective August 20, 1993.)
