Respondent.)

ORDER OF THE BOARD (by M. Nardulli):

This matter comes before the Board on a petition filed on April 24, 1992. On June 3, 1993, the Board directed the parties to file a status report concerning this matter on or before July 6, 1993. On July 14, 1993, the parties filed a joint status report and a motion for leave to file instantner. The motion to file instantner is hereby granted.

The parties state that they are engaged in very serious negotiations which may lead to the resolution of this matter. The parties report that as a result of the negotiations, petitioner has agreed to perform stack testing of several emission units. They state it will be at least six weeks before petitioner will receive the stack testing results. The parties state that they will need additional time for evaluation after the results come in. The parties have proposed to submit a status report to the Board after review of the test results or on September 15, 1993, whichever is earlier.

The parties are directed to file a status report with the Board concerning this matter on or before September 15, 1993.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above order was adopted on the 22nd day of July, 1993, by a vote of 7-6.

Dorothy M. Gunn, Clerk
Illinois Pollution Control Board
