CODE § 218.980)

ORDER OF THE BOARD (by C. A. Manning):

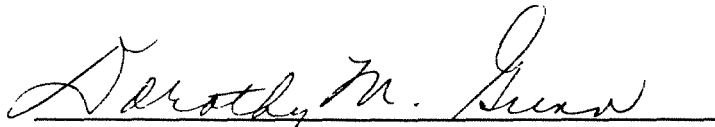

On August 4, 1993, pursuant to the Board's order of July 1, 1993, Reynolds Metals Company ("Reynolds") filed a status report, with which the Agency concurs. The report states that on June 23, 1992, the United States Environmental Protection Agency ("USEPA") published a notice in the Federal Register staying the effectiveness of 40 CFR 52.741(x) and (y) as they apply to Reynolds to allow the USEPA to reconsider the applicability of these rules to Reynolds. The notice stated that the USEPA is proceeding expeditiously with this reconsideration.

Reynolds adds that the USEPA's regional attorney responsible for handling this matter has confirmed that the USEPA Regional Office has sent a proposal on the reconsideration to USEPA Headquarters for its review, that the USEPA Headquarters has completed its review and the Office of Management and Budget has returned the proposal to the USEPA Headquarters for final action.

The parties are directed to file an updated status report on or before October 8, 1993.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above order was adopted on the 5th day of August, 1993, by a vote of 6-0.
