ORDER OF THE BOARD (by J. Anderson):

Pursuant to the Board's order of June 17, 1993, a status report was to be filed in this matter on or before August 25, 1993. On September 14, 1993, LTV filed a status report accompanied by a motion for leave to file instanter and a waiver of the decision deadline until March 7, 1994.

The motion for leave states that during the period surrounding the August 25, 1993, due date for the status report in this matter, petitioner LTV Steel Company was in the process of emerging from bankruptcy. All of its legal personnel were heavily involved in that effort and, as a result, the status report filing date was overlooked. Petitioner's local counsel, Ross & Hardies, believed that Petitioner intended to file the status report itself. The motion for leave is hereby granted.

The status report states that petitioner and respondent have held a series of discussions concerning the inclusion of the groundwater monitoring requirements in the permit that is the subject of this appeal. Agreement has been nearly reached on that issue and, provided that agreement is achieved, petitioner will withdraw its appeal well before the requested decision date of March 7, 1994.

Petitioner is directed to file an updated status report on or before November 15, 1993, in the event that this appeal has not previously been dismissed.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above order was adopted on the 23rd day of September, 1993, by a vote of 7-0.

  
Dorothy M. Gunn, Clerk
