ORDER OF THE BOARD (by M. Nardulli):

This matter is before the Board on petitioner the Village of Grantfork's petition for variance, filed on August 10, 1993. Grantfork seeks a variance from the Board's restricted status rules as those rules involve total trihalomethanes and atrazines. (35 Ill. Adm. Code 602.106, 611.310.) In its petition, Grantfork provides the test results reporting the current levels of trihalomethanes, but states that any data required on the levels of atrazine can be obtained from the City of Highland.

It is Grantfork's responsibility, as petitioner, to support its request for variance. Part of that support will necessarily involve discussion of the present levels of atrazine. Thus, Grantfork is directed to provide the Board with that information. That information will be construed as an amended petition, restarting the time for Board decision on the request for variance. Failure to provide the necessary information within 45 days of this order will subject the petition to dismissal.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above order was adopted on the 26th day of August, 1993, by a vote of 6-0.

Dorothy M. Gunn, Clerk
Illinois Pollution Control Board
