 Respondent. )

ORDER OF THE BOARD (by J.C. Marlin):

On March 11, 1993, the Illinois Environmental Protection Agency (Agency) filed a motion for extension of time to file Agency recommendation. In support of the motion, Charles W. Gunnarson, the attorney for the Agency, filed an affidavit in support of this motion for extension through April 2, 1993.

This is the Agency's second motion for extension. By order of February 25, the Board granted an extension until March 12, 1993.

The Agency states that it received Forreton's petition for review on January 25, 1993 and that during the first week in February the Agency contacted the attorney for Forreton in an attempt to obtain more information. The Agency also states that on February 22, 1993, Forreton's attorney was again contacted in order to request more information. At that time, the attorney for Forreton said the information would be forthcoming.

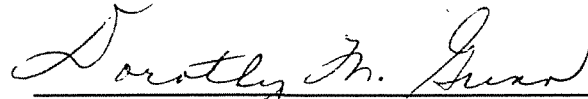

The Agency states that it contacted Forreton again on March 9, and was told Forreton's consulting engineer had been studying the question and would be submitting a written response to the Agency shortly.

The Agency's motion for extension is granted through April 2, 1993. The Board notes, however, that the Board does not intend to grant further extensions absent a waiver of the May 22, 1993 decision deadline.

IT IS SO ORDERED.

0140-0235

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above order was adopted on the 25<sup>th</sup> day of March, 1993, by a vote of 6-0.
