September 17, 1992

R. LAVIN & SONS, INC.,)
)
 Petitioner,)
)
 v.) PCB 91-139
) (Permit Appeal)
 ILLINOIS ENVIRONMENTAL)
 PROTECTION AGENCY,)
)
 Respondent.)

ORDER OF THE BOARD (by R.C. Flemal):

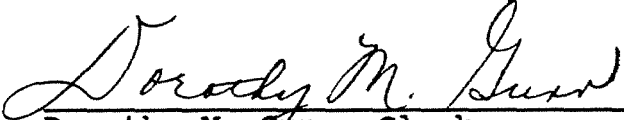

On September 15, 1992, R. Lavin & Sons, Inc., (Lavin) filed a status report and waiver of decision date. Lavin's report states that it is continuing discussions with the Illinois Environmental Protection Agency (Agency) concerning this permit appeal and that it is also negotiating with the North Shore Sanitary District (Sanitary District) and the City of North Chicago (City). As part of these negotiations, Lavin has hired consultants to investigate the extent of any impacts Lavin's effluent may have on the City's stormwater sewer line and the Sanitary District's wastewater treatment facility. The Sanitary District and the City have informed Lavin that they would not be able to make any determinations on the information until the end of 1992. Lavin requests that the Board set the matter for another status report in late January or early February, 1993. Lavin has supplied the Board with a waiver of the final decision deadline in this matter until June 30, 1993.

On September 15, 1992, the Agency filed its status report, which states, *inter alia*, that Lavin is exploring the feasibility of transporting its stormwater to the Sanitary District's wastewater treatment facilities.

The Board hereby orders that the parties submit status reports to be received by the Board on or before February 1, 1993.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above order was adopted on the 17th day of September, 1992, by a vote of 7-0.

Dorothy M. Gunn, Clerk
Illinois Pollution Control Board
